## Thanksgiving Services For Next Thursday To Denote Day's Meaning

### Schools to Have Vacation on Thursday and Friday; Business Holiday

The aura of Thanksgiving is in the air. Schools are marking it with song, art, and the plans for a two-day vacation.

Antioch churches have already planned their Thanksgiving services. St. Ignatius' Episcopal church will have its service at 9:30 a. m., to which the public is invited. The Rev. Edmund Hood is the priest in charge.

A union service has been planned by the First Methodist Church of Antioch and the Millburn Congregational church. The Rev. Howard Benson, pastor of the Antioch church, said the service will be held at his church at 9:30 a. m. The Rev. L. H. Messersmith is pastor of the Millburn church. The service is public, and Mr. Benson said the two churches feel that such a service provides a means of expressing the deepest thanksgiving.

The following was contributed by the Rev. Edmund Hood in an effort to bring to memory the real purpose of Thanksgiving:

Thanksgiving Day is a national holiday set aside for the giving of thanks. Thanks to whom? Thanks expressed in the form of a huge feast to our internal apparatus for functioning so well during the past year? Our forefathers clearly intended that this day should be set aside for men to return thanks to God. Unfortunately, however, due to the small over-all attendance in churches throughout the nation, an individual from another nation might well miss the point of this national holiday entirely. It should be to our profound embarrassment, as Americans, to acknowledge that the first thing thousands upon thousands of our population think of when this holiday is mentioned is corn shucks, frost, trips to grandma's farm, pumpkins, roast turkey with stuffing, and men and women in antique clothing, the men leaning on muskets. Remember! Thanksgiving Day for Americans begins with the journey to the parish church of their choice and back home and the feast. It does not begin and end with the journey from the overstuffed chair to the dinner table and back again. Thanksgiving Day should be a day consecrated by all Americans when, in acknowledgement and gratitude for His many and manifold blessings he offers himself more fully to God and his service than he has ever done before. Certainly, no nation has ever had more sufficient reason to return thanks to God. We must admit that we have been negligent in expressing that thanks. We must make apparent to all the world, by prayer and thanksgiving, that indeed "in God we trust."

### Pheasant Season Open; Quail Opens Saturday; Rabbit Season Nov. 26

Hunters in Antioch community are reporting good hunting for the elusive cock pheasant this week after the opening on Friday, Nov. 11. Most hunters had good luck opening day, but the birds are sitting pretty tight and must be flushed since that time. The season will remain open the balance of this month.

Of less interest here is the opening of the quail season on Saturday, Nov. 19, since quail are not plentiful this far north, but a great many hunters will travel southward for the opening.

Rabbit season is not open. In former years the opening season on cottontails has been set to coincide with the pheasant season, but this year the season will not open until November 26. Hunting licenses, which carry a short resume of regulations, were printed before the season was set for this year, and still carry the Nov. 11 date as the opening of rabbit season.

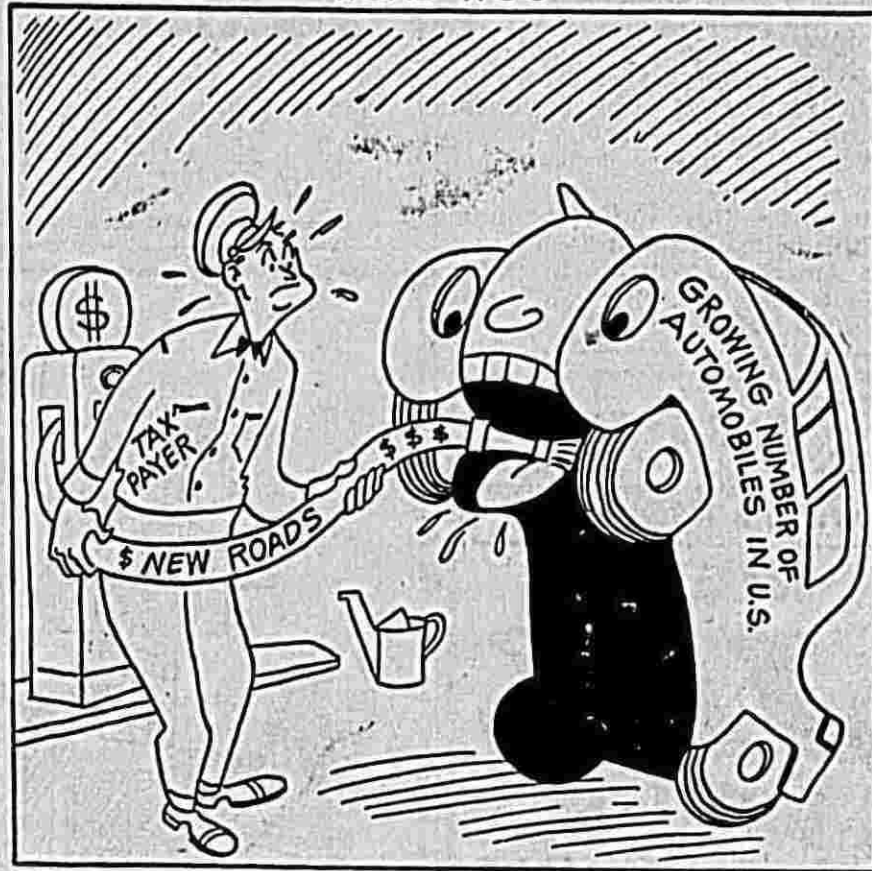

The fact that the licenses carry wrong information will not justify a hunter to kill rabbits, according to conservation authorities, who believe that sufficient publicity has been given the matter to acquaint each hunter with the law. The rabbit season will open at noon on the opening day, and run from sunrise till sundown each succeeding day until the closing date, January 20.

### Attend State Meeting

Village Atty. E. C. Jacobs and Treasurer Mrs. Martha Hunter represented Antioch at the state meeting of the Illinois Municipal League in Springfield the forepart of this week.

"The meeting was really informative this year," Jacobs reported.

## ROAD HOG

## Antioch Township High School Football Team Ties Grayslake For County Victory Record

### Cries for Help From Grass Lake Were Fake

Cries for help from Grass Lake at 11 p. m. Tuesday night were attributed to boys setting up a false alarm, according to Capt. Herman Holbek of the Antioch Rescue Squad which was called.

Walter and Lois Wade and Mrs. Dode Clayton of Sunset lodge reported they heard cries for help over the water from Bog Island. A search of the island by Ed Halting and the squad members failed to locate anyone in distress.

**Rescue Two Hunters**  
The squad made a run to Channel lake at 2 p. m. yesterday and rescued two Lake Forest men who became stranded on a hunter's blind when their boat floated away.

### Four Business Men Get Ducking in Lake While Duck Hunting

When a wave struck a rowboat bearing four Antioch business men at Deer Lake last Friday the boat sank in about four feet of water, giving the occupants a wetting.

The four, Irving Carey, James Fields, Atty. Ed. C. Jacobs and Herman Litchfield, were crossing the lake in a boat powered by an outboard motor when the boat dipped and went under.

Others in the hunting party who were laboriously making the trip around the lake afoot, decided the four might be in danger and Atty. Ted Larson and John B. Fields took it upon themselves to save them.

A lot of horseplay preceded the rescue, according to spectators. The rescuers pretended to look among the weeds and litter on the lake for debris of a wreckage before taking the four aboard.

The four were in the water nearly a half hour, they said, and the water was really cold.

The party started out to hunt pheasants, but ended up in a blind on the shallow lake waiting for ducks. The hunt was none too successful.

### Rescue Squad Without Siren; New Equipment Breaks Down 1st Blow

Antioch Rescue squad members are operating by telephone call this week after the old siren was taken down and a new one installed. The new equipment broke down as it was being tested early this week.

The original siren was installed some years ago and was a "war time" job, not too effective. Many of the members of the squad were unable to hear its call. The new installation was engineered by the manufacturer and called for raising the tower to the Squad building about 15 feet, to a total of 25 feet.

It is believed that the equipment was faulty when delivered, since it spewed bolts and nuts all over the place when started up.

### Antioch Firm Gets Charter

The new industry on Rte. 21, south of the village, known as Chef's Famous Foods, received its charter Secretary of State Carpentier announced last Thursday.

The firm has 900 shares of common stock no par value. The incorporators are Adolph W. Wolf, William C. Reitz, and Henry Walenwein. They will process food and deal in allied products.

Antioch Township High School's football season will go down in history as one of its best.

The Sequoits were not only tied for second in the Northwest conference, but tied with Grayslake for the team in all Lake county having won the most games. They were placed at the top of the list because of the fact that they scored more points (133) than Grayslake (101).

Coach Paul Kessenich said that it was team play and a spirit of determination that carried the squad through to its successful season.

Twenty letters were awarded, 11 to seniors, 8 to juniors; and one to a sophomore.

There will be eight returning letter men for 1956. Richard Vik is transferring to Grayslake.

### Prospects for 1956 Questionable

Prospects for 1956 amount to a big question mark. There will be eight returning lettermen, and the team will have to start from scratch much as it did this year.

"We will not have much depth, but the returning lettermen are good players and we should have another team that I am sure will come through for us," said Coach Kessenich. Huml and Bell are co-captains for next year.

Besides the lettermen and juniors, sophomores coming up are George Lyslund, quarterback; Elvin Meyer, guard; Frank Sebesta, tackle; Richard Jonas, halfback; Terry Horton, end; Charles Hucker, fullback and others.

Statistics provided by Coach Kessenich show that the Sequoits: Scored 133 points to their opponents' 87; first downs—Antioch 79, opponents 60; yards gained in rushing—Antioch 892, opponents 1,024; yards in passing, Antioch 933, opponents 274; total yards gained, Antioch 1,915, opponents 1,298.

Top ground gainers, Schroeder, 7 yards average; Christensen, 4; Barnstable, 4; Layton 4 plus; and Sreh 3.

In passing Reckers attempted 107 and completed 55. Six were intercepted and seven went for touchdowns. Four touchdowns passes were called back. His total yardage gain was 888. Swanson attempted 12, completed 4, had two intercepted, and gained 45 yards. Barnstable completed one attempt for 10 yards.

Antioch had 21 touchdowns for (Continued on Page 8)

## Party Expert to Speak Before Woman's Club On Monday Afternoon

Guest Day will be observed by the Antioch Woman's Club at 1:30 p. m. Monday, Nov. 21 when Selma R. Jennings of Joliet, an accredited judge for the Garden Club of Illinois, comes to bring her lecture demonstration "Let's Give a Party." She will present table arrangements, menu suggestions and unusual suggestions. Having appeared at a number of women's groups in the midwest, she is well recommended by them.

Mrs. O. I. Onstad will be assisted on the hostess committee by Mesdames Edmund Vos, Louis Biel, L. V. Madden, Clarence Kufak, Charles Solar, George Anzinger, Arthur Becker, William Keulman, Sr., Jean Van Zetten and Ray Bruhn.

The club gave its monthly party for Downey Hospital patients on Tuesday evening with Mrs. Clarence Kufak assisted by Mrs. Gust Mantis, Mrs. John Dupre and Mrs. Louis Biel. Music was by Mrs. Grace Timmers and the soloists.

## News to Be Published Wednesday Next Week

Because Thanksgiving Day falls on Thursday, and there will be no mail delivery, the Antioch News will be mailed out on Wednesday.

Advertisers and persons who submit material for publication will, of necessity, meet a deadline one day earlier for next week only.

## Sequoit Cagers Meet Libertyville in First Go Saturday Evening

### Both Teams Untried; Locals Journey to Richmond Wednesday

A rangy squad of Sequoits will meet Libertyville here Saturday night in the first game of the season. The game is a warm-up for both teams, since Libertyville is a member of the North Suburban conference, which has not started conference play.

Saturday night's fracas will be the first of the season for both teams and it is believed that Libertyville will be making an all out effort to avenge last year's defeat at the hands of the Indians when the teams met in the opener last year.

Larry Leon, new coach of the Sequoits, said today that while the Antioch squad is comparatively tall with an average height of 6' 1", the Libertyville team is small but fast, and that the locals would rely on height to a greater extent than in previous years.

Probable starting line-up will include Jerry Huml, Frank Walsh, forwards; Wayne Herbst, center; and Al Reckers and Jim Fish as guards. Others who are certain to see service in the first game are Sid Parker, Ed. Hastie, Lonnie Christensen, Lynn Bolton, and Bill Barnstable.

Two games will be on the schedule for Saturday with the curtain raiser seeing the Frosh-Soph pitted against Libertyville at 7 o'clock and the Varsity going into action at 8.

The teams will go to Richmond for a pre-Thanksgiving game on Wednesday. First conference game will be played here Friday, Dec. 2, with Grayslake as opponents.

## Unidentified Men Fire Twice at Two Women On Petite Lake Shore

Two Petite Lake women, Mrs. Mile Cregan, 26, of Lazarro's resort, and Mrs. Gladys Handy, 36, and her daughter Suzanne, were shot at by two men in a boat after they reprimanded them for using vulgar language.

The first shooting incident occurred in mid-afternoon yesterday. When the women returned to the shore at 7:30 p. m. to check their fishing lines, the men re-appeared and said, "We'll get you yet!" and began firing with rifles. The bullets came so close they could hear them smack into the ground, and a dog became so frightened he fled and did not return for two hours.

Police were unable to find the two men, described as being about 30 years old and riding in a 14-foot gray rowboat with an outboard motor.

### Chamber Receives Word From Santa Claus; Will Arrive Here Nov. 26th

George Borovicka, chairman of the Chamber of Commerce Christmas program, told newsmen today that the visit of Santa Claus to Antioch is now definite and also that he will arrive by Airplane at 9:30 Saturday, November 26th.

Members of the Christmas committee urge that all businessmen of the area participate in the parade which will start from the high school grounds promptly at 10 a. m.

**Fund Drive Underway**  
A drive by committees for raising of a promotional fund to take care of expenses of the Christmas program as well as other promotional work for Antioch is meeting with a very good response by Antioch businessmen.

### Vehicle Registrations Expected to Reach 3 1/2 Million During Year

Vehicle registration for the State of Illinois are already above the 1954 total, according to Charles F. Carpentier, secretary of state. At the end of October the total was 3,359,964, an increase of 187,237 over the corresponding period last year. By far the largest number of registrations is that of passenger cars with a total of 2,833,148. Trucks rank second with 405,112.

## Lions Club Swimming Pool Committee To Launch Bond Drive In January; Plan To Have Pool Ready by June 1

### Jedele C of C Speaker At Meeting on Dec. 5

The Chamber of Commerce, already rolling in high gear with its new officers, has its December meeting already planned.

Norman Jedele, local accountant, will speak on income tax at the next meeting of the chamber on December 5 at Smart's Country House. He will discuss changes in the law and will answer questions from the audience.

Business men, whether members of the Chamber of Commerce or not, are invited by the officers of the organization to attend.

## Funeral Today For Edward Dekant, 57, Victim of Monoxide

Funeral services are being held today for Edward J. Dekant, 57, a resident of Antioch for the past five years, in Sacred Heart Church, 2200 Huron st., Chicago. Dekant died Saturday night about 10 p. m. as the result of carbon monoxide poisoning.

He had left his home on Lake street at about 7:30 and was not seen again until he was found in the driver's seat of his car in the garage. His wife, Mary Dekant, went to the garage at about 10:45 to search for him and found the car's engine running, with all doors of the garage closed. The Antioch Rescue squad was summoned but Dekant was pronounced dead by a physician.

A coroner's jury was sworn in on Sunday, but an inquest has not been held as yet. An autopsy showed that carbon monoxide poisoning was the cause of death.

He was born July 20, 1898 in Czechoslovakia, and came to America at an early age. He had been employed in Chicago for many years as a factory inspector before moving to Antioch in 1951. He was employed here by Pickard, Inc.

He is survived by his wife, Mary, one son, William, Antioch; a foster daughter, Shirley Ferry, Antioch; one brother, Albert, Chicago, and five sisters and his mother, Mary Dekant, Chicago.

Burial will be in Our Lady of Sorrows cemetery, Proviso township, Chicago.

## Scully Hospitalized Monday as Result of Accidental Shooting

James J. "Jimmy" Scully, son of Mr. and Mrs. A. J. Scully of Main street, Antioch, is in Victory Memorial hospital, Waukegan, this week as the result of an accidental gunshot wound suffered Sunday at noon.

Scully, voted "most valuable player" by team mates of the Antioch football squad at the end of the 1955 season, was hospitalized Monday when complications set in after removal of the slug Sunday.

The bullet entered his arm at the wrist and was taken from the flesh near the elbow. No bones were injured, and the injury was not deemed serious until an infection set in on Monday, thought to be due to his inability to assimilate penicillin.

He had gone into the fields north of Antioch, with a companion, Ted Nielsen of Lake Villa to practice marksmanship, and while walking, stumbled and the gun, a .22 rifle, was discharged.

He was treated at the Antioch clinic and returned home and was carrying on with regular routine, when the infection set in. He is reported to be recovering, and will probably be released from the hospital later this week.

### Need \$20,000 for Retarded Children

The annual fund drive for the Retarded Children's Educational Society is being held this week in connection with National Retarded Children's Week. A goal of \$20,000 is set for Lake County to meet the budget for operating the society's three schools for trainable mentally Parkside School in Zion; the Garden School in Gurnee; and a third school which is opening this week in Libertyville for children living in west Lake county.

Friday and Saturday, November 18 and 19 will be tag day. Mrs. Wallace Gamm is chairman of the drive.

### Lions Club Subscribes for \$5,000 in Bonds to Start Ball Rolling

Latest development in providing Antioch community with a modern swimming pool was action by the Antioch Lions club to purchase \$5,000 worth of bonds to provide necessary funds with which to begin the project.

This action, taken at a meeting Monday evening, November 14, assures that the pool project is well on its way. A schedule drawn up for the committee, provides that working drawings of the pool will be in the hands of contractors for bids on January 1, 1956, and that sufficient time will be allowed that the pool can be constructed and ready for use by June 1, 1956.

Plans are presently under way to launch a bond drive early in January. A preliminary survey, made by the committee earlier this year, showed that a majority of residents are in favor of providing a pool for the community, and it was this response which caused the club and the committee to carry on with the plans.

An estimated \$60,000 will be needed to build the pool, which will be 35 x 100 feet in size, and will accommodate approximately 350 bathers at one time. Almost one half of this amount was informally pledged at the time the earlier survey was made.

## Acts Booked by Band For Annual Minstrel To Provide Good Show

Acts and entertainers who have already been secured for the Annual Band Minstrel show to be presented December 9 and 10 by the Antioch Community Band, assure one of the best shows ever presented in Antioch.

Last year's show was rated tops by all who attended, but "Bill" Lahti, president of the band and chairman of the committee for the show says that this year's effort will surpass it.

Among attractions which have already been listed are Singer Frank DeYoung, Millburn, who will present "Swanee," "Georgia," and "Up a Lazy River" in a fine baritone voice. He will be accompanied by a special orchestral group. DeYoung is well known in the area through his position as manager of the Lake County Farm Bureau in Grayslake and through his musical activities.

Nancy Swenson, soprano, will present several numbers. Miss Swenson is also well known locally, having been a featured performer at Antioch High school and other functions of the community.

Two teams of local men will present comedy skits, Robert Lindblad, of E&L Pontiac Sales, and Robert Taylor, of Taylor's Shoe Store will cooperate in a hilarious comedy skit entitled "The Three O'Clock Train." A second team of local business men, Charles Cermak of Cermak Real Estate, and Ray Toft, of Ray's Shell service will present an act the nature of which will not be revealed.

**Audience Participation**  
Another new feature of the show this year will be a special audience participation based on the lines of current television shows complete with gifts for those lucky enough to be interviewed.

Tickets for the show are on sale by members of the band and will be on sale at the door.

### High Winds Cause Damage Wednesday

Winds, which were variously estimated at from forty to forty-five miles per hour, caused some damage in this area Wednesday. The major damage was in the area of Trevor, Wis., where shingles were torn from roofs, chimneys were toppled and other damage done.

The winds, which were moderate in the morning, steadily rose until some gusts reached 50 m. p. h. It was these that were responsible for the damage. At Trevor, the fire department was called to extinguish a fire which started when power lines contacted in the wind and started a fire which burned insulation from the wires. The fire did not spread, however.

**Hunters Off for North Woods**  
Ernie Westlund, Leonard Roblin, and Virgil Horton will leave tomorrow (Friday) for a hunting trip in the Chemungan Forest, near Washburn, Wisconsin. They expect to be back in Antioch in about a week or ten days.

### Soviets Visit a Stock Exchange

A group of top Soviet newspapermen is now touring this country. Shortly after their arrival, these reporters were taken on a visit to the nation's principal stock exchange.

That must have been quite a revelation to them. For there is no stock exchange in Russia—and there hasn't been since the communist revolution.

The stock exchange is a pretty good example of the difference between a free economic system and a totalitarian economic system. In Russia, of course, capital is invested—huge sums of capital. But the state is the only investor. It makes all the decisions, to suit its own ends, and it implements those decisions with whatever force is necessary. The individual citizen has no voice in where the money goes, or what it is used to produce.

Under our free system, by contrast, the individual makes the choice. He buys or sells shares in one company or another on the basis of his own knowledge, judgment, and beliefs. He takes his own chances, and no commissar or bureaucrat tells him what industry he can or cannot invest his savings in. This is how economic democracy works in the American Republic.

The Russian newspapermen will see many a novelty in the broad USA. The stock exchange will be well up on the list.

### Old, Sad Story

"The socialist temptation, like the one so successfully pulled by the Serpent of Eden, is always soft-voiced and seductive," writes Holmes Alexander, a nationally syndicated columnist. "It invites us in the wildest of ways to slough off the human burden of hard work and hard luck and thus rise above God. And how do we attain this sinner's paradise? The answer lies in one of the oldest stories in all literature—we attain the carnal comforts by selling out the soul."

It could be added that, under socialism or any other ism, the victims usually fail to get the promised carnal comforts. The soul is sold out—and even material advantages are lost too.

\* \* \*

### The Atmosphere Is What Counts

"A good example of what abundant capital and the efficiency developed in American industry will do for the public may be seen by comparing the prices of gasoline with wages during the past 50 years," says Christian Economics. It then points out that, since 1903, the tank wagon price of gasoline has actually fallen by about 10 per cent, while the wages of laborers, mechanics, and oil refinery

workers have increased up to 1,250 per cent. The magazine adds: "The great abilities of a comparatively few industrial managers backed by the savings of the people are responsible for this enormous increase in well-being."

The record of the American oil industry is unrivaled anywhere else in the world. That isn't because we were uniquely blessed with oil resources by Nature—other countries, Russia being one, have vast resources too. And other countries have scientists and geologists and other technicians of high ability.

What is the reason then—what has been the secret of success? Writing in the magazine, Service, W. Alton Jones put it this way: "Granted that our industry boasts many men of vision, skill and zeal, this is not the whole answer. These same men, with all their talents, could never have succeeded in an atmosphere unfriendly to individual initiative—to what we call 'private enterprise.'"

\* \* \*

### Making the Mare to Trot

"It is money that makes the mare to trot," wrote the poet John Wolcott some two centuries ago. That has become a classic aphorism, in the slightly different form: "Money makes the mare go."

American industry provides a wonderful example of this truth. At the end of last year, our manufacturing companies alone represented \$175,000,000,000 of capital—which works out to an investment of \$12,000 for each of their workers.

We will need many more tens of billions to provide good jobs for our growing population. And that means that we need to maintain the kind of economic climate which induces people to invest their savings in job-making enterprise.

\* \* \*

### The Low Down From Hickory Grove

You know the way some of the political gentry bleed and die for us—every 4 years—marks the ones popping-off as ones to scrutinize. One gent will bleed and perspire for the farmer—one for labor—one for the colored—one for the white collar person, etc., as if each was a completely different breed of cats. Nothing could be further from what is what and which. On voting day each voter will be found to be following the spellbinder's advice only if such is his sentiments and belief in the first place. He just had fun listening.

I am not against campaign palaver—such has humor and amusement in it—is free and you leave it or take it. The Ohio voters decided to pay scant heed to the self-appointed—but not anointed—campaigners for labor in Ohio. They went right ahead and elected Senator Taft versus following the talkative guys who wept and perspired for Labor—crocodile style.

Folks savvy horse sense—also baloney. Take Mr. Utah Benson. It is easy to see that this gentleman is not trying to fool somebody or feather his own nest. He is Secy. of Agriculture but he figures agriculture, mining, industry, must each bear its due load—and do its best for the good of our 160 million people. There are not too many Bensons—there are not enough of such. Confucius would say, "Big blow—avoid same."

Yours with the low down,

JO SERRA

## Millburn

Mrs. Corena Edwards, Correspondent  
Phone Eliot 6-3323

Regular services at Millburn Congregational church Nov. 20 include Sunday School at 9:45 a. m. and church service at 11 a. m.

Millburn Congregation has been invited to take part in the Thanksgiving Service at the Antioch Methodist church. The service will be held at 9:30 a. m. Thursday morning, Nov. 24. The Rev. Mr. Benson, pastor of Antioch Methodist church will preach the sermon. The Rev. Mr. L. H. Messersmith will assist with service. Miss Nancy Swenson will be soloist.

The Ladies Aid Study Group will meet at the church this morning at 9 o'clock. Hostesses are Mrs. Verlon Groves and Mrs. Mae Woertz. Visitors are invited.

Mr. and Mrs. Harold Yukel of Oak Lawn and Mr. and Mrs. Charles Lucas were dinner guests at the Joseph Strohal home Monday.

The condition of Mrs. Myrtle Savage who has been quite ill is somewhat improved.

The annual turkey dinner and bazaar will be held in the new Masonic Temple in Millburn on Saturday, Nov. 19. Dinner will be served from 5 to 8 p. m.

Mr. and Mrs. Robert Nelson of Round Lake were dinner guests at the Charles Lucas home Sunday.

## Caterpillar Not Immature Butterfly

WASHINGTON—Few phenomena in nature have stirred more general interest than the transformation of the somewhat repulsive "worm" into the beautifully colored winged insect, but the real marvel is the previous transformation of insect into "worm," which, since it takes place inside the egg, nobody ever sees to wonder about.

It often has been assumed that the wormlike form represents some earlier rung in the evolutionary ladder through which the insect race progressed in the ancient days of life on earth and which each individual must repeat in a somewhat telescoped fashion before birth. Thus man and higher mammals are supposed to pass through stages of their venerate ancestry before birth. In the case of the insects, it is speculated, part of this embryonic development takes place outside the egg.

This is contrary to fact, says Dr. R. E. Snodgrass of the Smithsonian Institution. He says the caterpillar is not an immature butterfly. In some way not understood the insect egg becomes two animals, each independent of the other and each of which is born, leads its own life and perishes. The various body cells which are to become a young butterfly are contained, in an inactive, nondeveloping form, in the body of the caterpillar.

## Road-Wear Students Earn College Degree

PITTSFIELD, Mass.—Would you travel 86,000 miles for a college degree?

Two Pittsfield men have commuted that distance between here and Troy, N.Y., during the past 10 years to study at Rensselaer Polytechnic Institute. They received bachelor degrees in mechanical engineering during recent commencement exercises.

The men, Leonard R. Spencer and William E. Fessender, both 38, attended evening classes at R.P.I. three nights a week since 1945. That's the time required under the evening program to complete the regular four-year academic course in mechanical engineering.

## New Guinea Tribesmen See First White Man

CANBERRA, Australia—A patrol into the interior of Papua has found a tribe of wig-wearing warriors who had never before seen a white man.

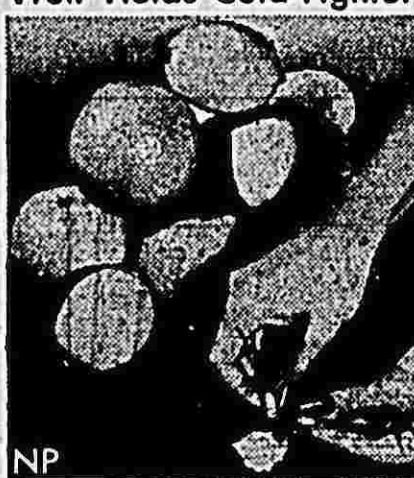

A report issued by the New Guinea Administration said the tribesmen, known as the Duna, wear wigs and long beards which give them a Biblical appearance.

## Missing Million

CHICAGO—City Treasurer Morris B. Sachs says he found \$1,000,000 the City of Chicago didn't know it had.

He said the money was found in one of the City's bank accounts during a routine examination of records. It had been there between five and eight years, he said.

## Fruit Yields Cold-Fighter

Science has opened a "new front" in the war against man's most expensive ailment, the common cold—with a basically new weapon containing a yellow chemical found abundantly in the plant world.

Accumulating research indicates that substances called citrus bioflavonoids, discovered 20 years ago by Nobel prize-winner Dr. Albert Szent-Gyorgyi, are "the most promising weapons yet," for cold control, bringing quick and dramatic relief from colds in "from five to 48 hours."

The bioflavonoids have reduced the number of colds in test groups by 50% and have cut cold duration from seven days to four.

The first weapon containing bioflavonoids has just been made available in drugstores as Citroid Compound on a non-prescription basis. Since each of the average of three colds a year each American suffers costs him or his employer an estimated \$10.00 in lost wages, lost production or medical expense, the bioflavonoids are expected to save workers and employers millions of dollars annually.

Ever hear of a car running into a submarine?—it really happened in Detroit. After a woman parked her car on a hill, it rolled downhill and collided with the submarine "Tambor" which was tied up at a dock at the foot of the hill.

## This Week's Best Food Buys Listed by U. of I. Specialist

CHICAGO—The University of Illinois Agricultural Extension Service today inaugurated a consumer service for metropolitan Chicago homemakers to provide weekly summaries of "Market Buys" in food.

William F. Lomasney, associate professor of Extension, said surveys of food staples, meats, poultry, produce, frozen foods and dairy products are made weekly among Chicago area buyers and merchandisers of many leading food chains and independent outlets.

Based on these reports, U. of I. marketing specialists determine market buys for consumers predicated on availability, quality, price and promotion.

The "Market Buy" summary will be sent to newspapers and broadcasting stations within the metropolitan area, literature to food outlets, and sound films to television stations.

The "Market Buy" summary will be sent to The Antioch News and other newspapers weekly and published as a service to readers. The "Market Buy" for this week appears below.

## YOU CAN PREVENT THESE STAIRWAY HAZARDS THAT CAUSE SERIOUS FALLS

Children can get hurt when cellar doors are left open. Keep them closed.

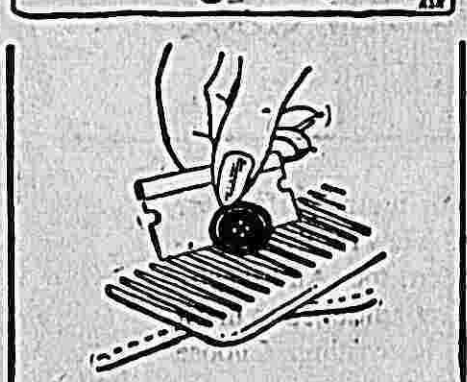

Laundry, toys and other housewares temporarily stored on the stairs until someone carts them up or brings them down is a bad practice, can cause a serious fall. See to it that stairs and passageways are kept clear at all times.

Put needed guard railings on inside stairs and outside steps. Always use the handrail when ascending and descending.

## Timely Tips

Don't take a chance on snipping the fabric when removing a button. Slip a comb under the button and cut the thread with a razor blade.

Your visibility is greatly reduced in autumn since dusk arrives earlier. Motorists are warned to be more alert and drive slower during autumn.

Proper maintenance of your brakes pays big dividends. Have your brakes checked now . . . invest in safety.

# SOCIETY EVENTS

## Antioch Chapter O. E. S. Holds Annual Meeting, Election of Officers

Antioch Chapter Order of the Eastern Star held its annual meeting and election of officers last Thursday evening. Mrs. Theodora Kutz was chosen as worthy matron and Leslie Heath as worthy patron. Other officers elected and appointed were: Mrs. Lillian Woods, associate matron; Emil Kirschbaum, associate patron; Rosalind Keating, secretary; Dorothea Farm, treasurer; Margaret Pincombe, conductress; Anne Heath, associate conductress;

Helen Luedtke, chaplain; Thelma Anderson, marshal; Lillian Hattendorf, organist; Mary Bruski, Adah; Gertrude Mann, Ruth; Jean Rockow, Esther; Patricia Polsgrove, Martha; Sadie Keeney, Electa; Josephine Kirschbaum, warder; Carl Hattendorf, sentinel; Robert Pincombe, color bearer; and Harriet Davis, instructress.

Mrs. Helen Luedtke and Clarence Larson are the outgoing matron and patron. Following the meeting a pot luck dinner was served in the dining room.

Installation of the newly elected officers will be held Wednesday evening, November 30, at 8 o'clock at Wesley Hall, Methodist church, Antioch. The public is cordially invited to attend.

## Vows Said at Lake Villa Community Church

Miss Sue Helen Weber, daughter of Mrs. James Connell of Lake Villa, became the bride of James Henry Holcomb, of Chicago, at the Lake Villa Community church, on Saturday, November 5.

The Rev. Kenneth Plummer officiated at the double ring service and appropriate music was offered by Mrs. Plummer at the organ.

A wedding dinner followed at the Country Squire and a reception at the home of Mr. and Mrs. Connell. The bride wore a wool suit dress of stone blue, with white beaded hat and carried a bouquet of white orchids and stephanotis.

Mrs. William J. Weber, sister-in-law of the bride was matron of honor and wore a cocoa beige taffeta dress with matching hat and carried a bouquet of bronze mums. William J. Weber, brother of the bride, was best man and the ushers were John T. Stone, Jr., and Benny Ronson, both of Chicago.

The bride's mother wore plum colored crepe with mauve pink satin accessories and a pink orchid corsage.

The couple will live in Chicago following their wedding trip to northern Wisconsin.

## "Christmas Throughout The House" Is Subject Of Speaker for Club

The appearance of Mrs. Joel Keil of Chicago at the Lake Villa Elementary school gymnasium on Dec. 2 at 8 p. m. promises an interesting and timely demonstration entitled "Christmas Throughout the House." Mrs. Keil will show just how to make unusual gifts and decorations for Christmas. The event is sponsored by the Lake Villa Woman's club, Mrs. Theodore Belke, president.

Mrs. Keil's artistic background is a fine one of ten years as Art supervisor in the Hammond, Ind., schools; work with Teacher's College faculty in Nebraska; and associations with Western Electric and YWCA's in Naperville, Elmhurst, and Irving Park and YMCA camps Cutten and Hastings. She is also a graduate of the American Floral Art School.

Materials and supplies for executing decorative ideas shown in Mrs. Keil's demonstrations will be sold at the school gymnasium. Refreshments will be served.

Tickets may be secured from Mrs. P. E. Bocox, Box 211, Lake Villa, or other Woman's Club members.

## WOMEN OF THE MOOSE INITIATION CANDIDATES

An initiation and chapter night program was held at the Antioch lodge of Women of the Moose last Thursday.

The initiates were Mrs. Jane Codrington, sponsored by Mrs. Frank Kennedy, Sr.; Mrs. Geraldine East, Mrs. Sophie Redakevis, sponsored by Mrs. M. F. Gras; and Mrs. Bobbie Jean Ladford, sponsored by Mrs. Jane Verkest. Two of the lodge members were initiated into Home Chapter at Springfield recently. They are Mrs. Ruth Sorenson and Mrs. Veronica Rosinski.

Mrs. Gladys Schroeder and her committee had their chapter night program. The ladies were entertained by square dancers and participated in some of the dances. Refreshments were served by Library Chairman Mrs. Gladys Schroeder and her committee.

## Parents of Son

Mr. and Mrs. Frank Dillon of Laguna Beach, Calif., are the parents of a son, "Franklin, Jr.," born November 10 in Laguna Beach hospital. Mrs. Dillon is the former Miss Donna Jean Hufendick, daughter of Hugh E. Hufendick, of Chicago, a former resident of Antioch.

## Speaker at Round Lake Sunday Eve'g.

Rev. Paul Pegors

Rev. Paul Pegors, missionary appointee to Pakistan will speak at the Progressive Club of Round Lake Beach on Sunday, Nov. 20, at 7:30 p. m.

Mr. Pegors is a graduate of Bob Jones University, Greenville, South Carolina, and Northwestern Schools Seminary, Minneapolis. He and his wife will serve in Pakistan with the Conservative Baptist Foreign Mission Society, Chicago, a fundamental Baptist board with over 30 missionaries in many parts of the world.

Rev. and Mrs. Pegors will spend a few months visiting churches in this country before leaving for Pakistan.

## Mrs. Edmund Vos's Entry Won First Prize at WC Winter Floral Contest

"Roadside Beauty" was the winning entry in the winter floral setting contest held on Monday afternoon by the Garden section of the Antioch Woman's Club when it met at the home of Mrs. Louis Biel. Mrs. Edmund Vos made the arrangement from wheat, bittersweet, a dried artichoke and similar items. A wren's nest was the center of attraction in the second place entry. It contained marbles for eggs and was featured in a woodland setting which included evergreens. The hostess and her husband, Louis Biel, submitted it.

Gilded leaves in a cake pan painted black were displayed by Mrs. John Wagner, third place winner.

This was the first official meeting of the newly formed unit of the club which was organized last month and it was reported that work had begun on tulip planting at the Scout House and at the park near the Rescue Squad building with the spading done by village employees. Tulips have been donated by the women, Hughes Tulip farm and Lasco's Greenhouse.

Harry Sandberg was the speaker of the afternoon as he discussed the growth and care of the cactus plant.

Rules which he gave for good growth included: adequate drainage, in which he pointed out that most planters do not provide this; plenty of light; a porous soil, using two parts top soil and one part number two torpedo sand; not much water at a time and the use of small pots which encourages the plant to spend its strength on blooming rather than in growth. He pointed to the orchid cactus and the Christmas one as exceptions which need more water and a richer soil.

Mr. and Mrs. Sandberg, guests of the club, served as judges of the floral arrangements.

## Rev. Adams to Address Antioch M.Y.F. Group

The Rev. Robert Adams, assistant pastor of the First Methodist church in Waukegan, will speak before the High School Methodist Youth Fellowship at the Antioch Methodist church Sunday on the subject, "Heaven and Hell."

This is the second in a series of beliefs chosen by the group. Edward Reed and his committee will be in charge of worship and recreation.

Mr. Adams is a recent graduate of Garrett Biblical Institute in Evanston.

All youths who are not participating in other church youth groups are invited to attend the meeting which begins at 6 p. m. in the educational rooms.

## PECHOUSEKS ENTERTAIN AT LUNCHEON AND CARDS

Mrs. Marion Pechousek and Mrs. Mary Pechousek entertained 60 guests at luncheon and cards yesterday at the Colony House. Prizes were awarded to the players. Most of the guests were from the Antioch area.

## Card of Thanks

I wish to thank my relatives, friends and neighbors for the lovely cards and flowers sent to me during my recent stay at Condell hospital. Mrs. Fred Chapp

## Book Fair Program Scheduled for Nov. 21 at Grade P. T. A.

A Book Fair, with reviews and a discussion for each grade school age group will be a feature at the next Antioch Grade School PTA meeting, to be held on November 21.

The meeting will begin at 8 p. m. and Mrs. Calvin Harden, Antioch Township librarian, will lead the discussion. Books will be on sale from 25c up. Refreshments will be served by the 6th grade mothers.

Approximately eight hundred books will be on display. The books will be received at the school on Friday and will be on exhibit for sale to pupils Friday and Monday. Each room at the school has been allotted an amount for room improvement and the pupils will be encouraged to select books to enlarge the library.

One copy of each book will be on display, and orders will be taken for delivery later in the week. It is explained that this allows a much greater selection of titles, than the "cash and carry" method previously used.

## Order of Rainbow for Girls to Celebrate 15th Anniversary Nov. 26

The Antioch Assembly, Order of Rainbow for Girls will observe its fifteenth birthday anniversary Saturday, Nov. 26.

The celebration will be at the grade school gym and is expected to be a beautiful event.

To commemorate the occasion Mrs. Ann Heath, mother advisor, has made festive arrangements. Many celebrities from other assemblies have been invited, including dignitaries of the Masonic order.

Mrs. Mary Abt, supreme inspector of the State of Illinois has assured Mrs. Heath that she will attend.

To make the event most enjoyable soloists from radio and stage have been obtained. All mothers and fathers of members are invited.

The Waukegan Commandry Knights Templar in full uniform will act as escorts and DeMolay boys will serve as ushers.

Mrs. Heath is getting the support of all Rainbow girls on this occasion realizing that she has been one of the outstanding mother advisors of the state.

## Mrs. Eisenhower's Pumpkin Pie Reprinted from the 1955 Congressional Club Cookbook, is Mrs. Eisenhower's Pumpkin Chiffon Pie. And this is how it's made:

3 beaten egg yolks  
¾ cup brown sugar  
1½ cups cooked pumpkin  
½ cup milk  
½ teaspoon salt  
1 teaspoon cinnamon  
½ teaspoon nutmeg  
1 envelope Knox gelatin  
¾ cup cold water  
3 stiffly beaten egg whites  
¼ cup granulated sugar.  
Combine egg yolks, brown sugar, pumpkin, milk, salt and spice. Cook in double boiler until thick, stirring constantly.

Soak gelatin in cold water, stir into hot mixture. Chill until partly set.

Beat egg whites, add granulated sugar, and beat stiff. Fold into gelatin mixture.

Pour into pie shell and chill until set. Garnish with whipped cream.

Makes one big pie or 8 individual pies.

## 20,000 Rats Killed

The Rat Control campaign conducted by the Agricultural Extension Service under the supervision of Farm Adviser Ray T. Nicholas, has resulted in the destruction of an estimated 20,000 rats, announces the adviser. The adviser says he feels like a modern Pied Piper when he thinks of the number of rats and mice he has been somewhat responsible for bringing to their doom.

Since the campaign began in October, more than 1500 pounds of specially prepared Warfarin rat and mouse bait have been distributed through the Farm Adviser's office in Grayslake. The bait is prepared by the U. S. Fish and Wildlife Service, and is made available to Lake county residents through the cooperation of the Farm Adviser and the Wildlife Service.

## Attend Convention

Mr. and Mrs. Art Meyer, proprietors of Art's Paint store, Lake St., Antioch, returned today from a trip to Cleveland, Ohio, where they attended the Retail Paint and Wall paper dealers convention. A showing of the latest designs and colors was a feature of the show.

## Three Lose License

Secretary of State Charles F. Carpenter has announced the revocation of driver licenses to the following residents of Lake county: Amedeo Santi, Lake Bluff, and E. L. Neis, Round Lake for driving while intoxicated, and a chauffeur's license to Joe Tazioli, Highland Pk. for driving while intoxicated.

Mr. and Mrs. Silvio E. Pellegrini of 2824 N. Marshfield Ave., Chicago, spent the week end with her brother, Walter Roberts and family, of Lagoona Subdivision, Antioch.

## MILLBURN MASONS TO HOLD ANNUAL TURKEY DINNER IN NEW MASONIC TEMPLE

The annual turkey dinner is to be held in the new Masonic temple in Millburn on Saturday night, Nov. 19. In connection with the dinner will be the usual bazaar, with

hooths of fancy work, garden produce, candy and bake sale. The building even though not completed has a dining area that will accommodate 200 people at one serving. Dinner will be served from 5 p. m. until all are served.

The Rev. Edmond Hood and Mrs. Hood left Sunday for Champaign to be with Mr. Hood's father, J. H. Hood who is seriously ill.

Mr. and Mrs. H. E. Shepard entertained at a six o'clock dinner and party at their home Sunday.

## Cheerleaders Ready for Big Basketball Season

Above are Varsity Cheerleaders Donna Reidel, Sue Wolfenbarger, Jackie Martin, Carole Hansen, and Rosalie Morris. These girls play a large part in making up a successful season in sports. In addition to leading the cheering section at contests, they lead pre-game pep assemblies at the school.

Frosh-Soph Cheerleaders will appear at the curtain-raiser in Saturday's game with Libertyville underclassmen for the first time in new uniforms. They are Karen Rentner, Jill Gaston, Sandy Barnstable, (below) and Charlene Keulman, Elaine Christensen, and Rose Ellen Furlan (standing). All cheerleaders operate under the sponsorship of Miss Nary Donovan, physical education instructor at the school. Photos are by Warren Polley.

games. Recreation beat Gibbs & Jenssen all three games. Art's Paint, took all three from Bel-Aire. Hazelman's won two games from Pasadena. Tuttle Mink won 2 games from Servicenter. Van Patten won all three from Sexauer.

## Boundaries for Air Interceptor Base at Kansasville Not Set

Boundaries for the Bong jet interceptor base, to be constructed at Kansasville, Wis., about 12 miles north of Antioch, have not been set as yet, according to information from Brigadier General W. M. Wise, commanding general of the 37th air division.

Setting up of the actual boundaries of the military reservation will not be done until location of runways, taxi strips and other facilities are determined, and then the field will be fitted around these.

Interest in the area surrounding the base is high because of the impact expected from the influx of military personnel and their families. It is expected that the base will be manned by approximately 1500 military men, mostly officers, and about 200 civilian workers. Present plans call for two jet interceptor squadrons to be based at the field.

## Christmas Seals Are Mailed Out Wednesday

The traditional delivery of Christmas seals will take place Wednesday when postmen will carry some 61,000 letters to county residents from the Lake County Tuberculosis Association.

The letters are signed by Charles J. Cermak, Jr., chairman of the 1955 Christmas Seal Sale.

We hope people will read these letters carefully and decide to increase their regular contribution to the tuberculosis association.

Mr. Cermak pointed out that great advances in medical science in recent years have made the eradication of tuberculosis a real possibility for the future.

"Part of the money we give every year for Christmas seals goes into medical research to find out more about the disease, the germ that causes it, and the way our bodies react to it," he said. "Even now some scientists may be coming close to a fact that will lead to a simple means of controlling tuberculosis. Tuberculosis research must be speeded up to end the terrible cost of TB in money and human lives. Your Christmas Seal Dollars will help."

Tuberculosis will strike about 100,000 Americans this year. The TB associations fight spread of the disease through education, case finding, research, and rehabilitation. Your annual contribution is the sole support of your Tuberculosis Association's program.

## David L. Sipsma, 83, Dies After long illness

David L. Sipsma, 83, Deep Lake, Lake Villa, died at 7 a. m. at his home Wednesday, following a lingering illness. He was born Aug. 15, 1872 at Waga, Netherlands.

He came to America in 1908, settling in McHenry county where he engaged in farming, moving to Lake Villa in 1926. He is a member of St. Paul's Lutheran church at Round Lake. Survivors are his wife, Ella, two nieces and six nephews.

Friends may call at the Strang Funeral home after 4 p. m. Thursday. Interment will be in Hjawatha.

Pvt. Freddie Rausch, Woodbridge, Va., spent the week-end with Mr. and Mrs. John Rausch, Jr.

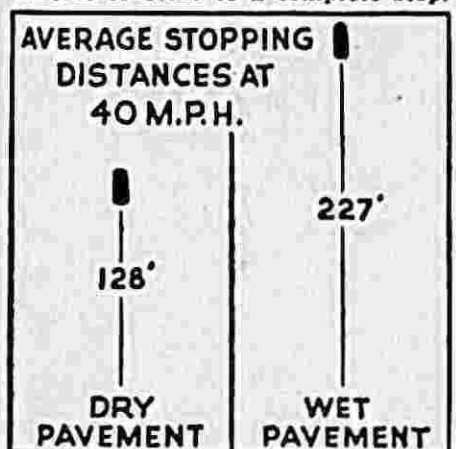

## Tips on Traffic Safety

By  
**CHARLES F. CARPENTIER**  
Secretary of State

The danger of driving a vehicle too fast for conditions can never be stressed enough. Let us take, for instance, an auto traveling at 40 miles an hour on dry pavement in the city or a residential section.

If a child suddenly darts out onto the street only 40 feet ahead of you—that's approximately the length of two autos—you would hit the child before the normal reaction time of  $\frac{1}{4}$  of a second had set in and you had applied your foot to the brake. Going at 40 miles an hour, the average driver travels 44 feet before reacting to an emergency.

And after having hit the brake and before coming to a stop a combined total of 128 feet would have been covered by the vehicle. This is on dry pavement. On wet pavement, it would take an additional 99 feet to come to a complete stop.

These figures show, once again, what a potent weapon the automobile is in the hands of a driver who does not heed the rules of the road and drive safely at all times. There is no set safe speed for any road or highway. There may be a maximum speed, but this is not a safe speed if conditions dictate otherwise.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

## GIRL SCOUT NEWS

Grass Lake Girl Scouts combined their Brownie investiture, fly-up, and court-of-awards on Friday, Nov. 4th.

Nine girls were invested into Brownie Troop No. 11, and pinned by their leader, Mrs. Wayne Barker, and by co-leader Mrs. F. Mitchell. The girls who made their promises were: Delores Anderson, Cheryl Colson, Christine Kersten, Tiffany Lynn, Sheryl Meyer, Karen Budler, Colleen Mulhern, Nancy McGrath, and Patricia Pratley.

Yearly pendants were received by Darlene Althouse, Elizabeth Barker, Cynthia Brenna, Katherine Davis, Patricia Ferrier, Carol Filiatreault, Carol Frasier, Carol Hribar, Violet Hribar, Lynda Riechenbach, Linda Risch, Diane Sargol, Lynda Sargol, Susan Yancey, Lynn Yancey, and Judy Wohlfell.

Co-leader Mrs. Raymond Yancey presented Fly-up Wings to Darlene Althouse, Cynthia Brenna, Carol Filiatreault, Betty Ann McGrath, Kathleen Oliver, Diane Sargol, Lynn Yancey and Judy Wohlfell.

These Scouts were then invested into Intermediate Troop No. 6 by Leader Mrs. Lester Hribar in an impressive candlelight ceremony.

Mrs. Hribar then presented proficiency badges to Patricia McGrath, Emily Riechenbach, Gail Tutein, Barbara Stokes, Karen Kersten, Jackie Nelson, Janet Rozek, Diane Peterson, Pamela Mitchell, members of Troop No. 6.

As part of the program, Mrs. Joseph Nemec, former leader of Brownie Troop 11 was presented with an apron, in Brownie colors, by girls of the troop. Each girl had embroidered her name on the apron. Mrs. Nemec started the Grass Lake Brownie troop and has worked with them for over five years. She is still active as a committee member.

Refreshments were served and parents were able to meet the Scout leaders and become acquainted with the Scouting program.

## TREASURE CHEST

## Changes on the Moon

It may be that rare changes on the moon have occurred since that distant day when the last crater settled down to a life of quiet. The effect of leaps from extremes of heat to those of cold, and back, must tend to crack and undermine the lunar rocks, especially during eclipses of the moon, which cut off the sun's light. During such hours, the moon's temperature drops rapidly; perhaps the sudden cold bursts rocks and slides off boulders from the tops of mountains to rumble into dust below.

But what we see must be an ancient sight. The face we behold up there is the same face the Romans looked at. Indeed, the moon takes us back of ancient history, and except for slow changes in distance and occasional possible moonquakes and downfalls of cliffs, we can imagine with confidence that strange beasts now dead stared at this sempiternal moon we know, uncomprehending.

## MINER ESCAPES REDS IN 'COFFIN'

NUERNBERG, Germany—Hidden in a coffin-like wooden box at the bottom of a carload of coal, a Czech miner escaped by freight train to West Germany, police reported.

The 45-year-old miner, whose name was temporarily withheld, said he bored holes in the side of the box through which to breathe.

## Loaded Question

OTTENDORF, Germany. — Police removed an ancient cannon jokers had set up on the market square aimed at the local internal revenue office. The gun was loaded with tax blanks.

## LOOK BEFORE PULLING OUT

Make sure you don't suddenly pull out from a parked position into a moving traffic lane or from one lane to another, without looking to see if anyone is coming; without making sure the coast is clear. For unless the driver of an approaching car sees you right away and can stop in time, you are probably going to be involved in an accident that you have needlessly caused.

© AMERICAN MUTUAL LIAB. INS. CO.

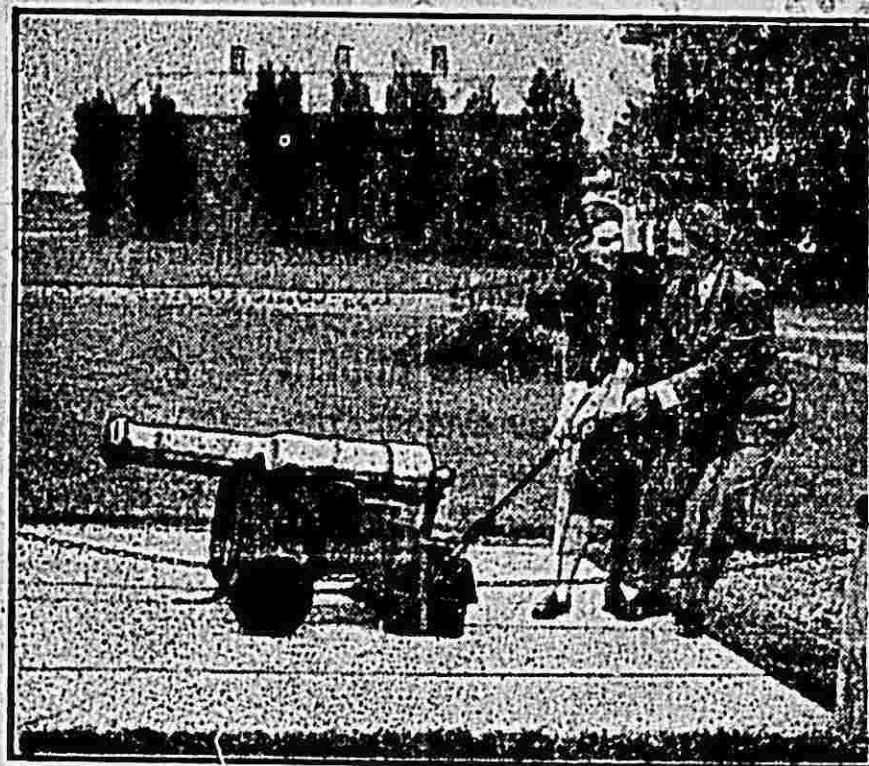

The latest man bites dog story—In Alpena, Mich., a house ran into a car. A citizen of Alpena was moving his house when something went wrong and the house crashed into a parked car.

## Seven Antioch Explorers in Group Visiting Truax Field

Seven Antioch community boys were among the twenty-one who traveled to Truax Field, Madison, for an encampment. While at the field they slept in the Air Force barracks, ate in the mess hall, observed an orientation on the Air defense command, made a tour of the field, and enjoyed a flight in an Air Force C-45 aircraft. Left to right (Antioch boys in Bold Type) John Raune, Ted DeRouse, Robert Schwermer, Stephen Aschenbrenner, Richard Holbek; Second Row—Pete Wright, Art Waller; Third Row—Ronald Westergaard, Phil Johnson, Bob Atwood, Jerry Hargraves, Richard Frange; Third Row—Harry Miller, Jerry Awe, Dan Dietz, Paul Cates, Steve Kublank, Jack Sutter, John Langston, Richard Hoeger, and Mike Jazwiec.

## These Two Have Lots of Brass

Photo, Canadian National Railways

MANY playful attempts have been made to "pinch" the historic 250-pound brass cannon, relic of the American Revolution, which is a great attraction for United States tourists visiting the Citadel in Quebec City. The old museum piece was captured by British forces in June 1776 at Bunker Hill, Charlestown, Mass., and taken by the soldiers to Quebec City where it has since been on display, exciting considerable attention. FNS

## LET ME TAKE YOU AWAY FROM ALL THIS

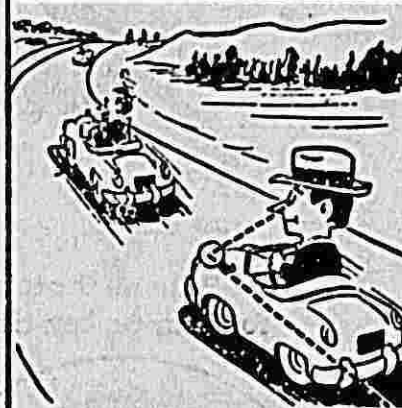

## Far North "Casey Jones"

Photo: Canadian National Railways

WHEN the steam locomotive-hauled Canadian National Railways train from The Pas and Winnipeg reached Churchill on the shores of far north Hudson Bay a few days ago, Churchill was host to Eskimos from the far north who had come to town by boat and dog team to do some shopping before the long winter sets in. One youngster, Muskie-Jack was fascinated by the big CNR steam engine, so he climbed aboard, sat in the engineer's seat and tried the air brake. He thinks driving a locomotive must be more fun than piloting a dog team over ice and tundra. FNS

## USE YOUR REAR-VISION MIRROR!

Get in the habit of looking regularly in your rear-view mirror while driving along. This will warn you of cars approaching from the rear, tell you when the coast is clear to steer your car into the other lane. Always use proper warning signals, remembering there is a blind spot to the side and back of your car in which another vehicle may be present.

## Donkey Basketball at Salem Central Benefit Of F. F. A. Students

The Central High School FFA Chapter will sponsor a donkey basketball game in the school gym this Saturday night.

Competing teams selected from the faculty and citizens of the community will oppose each other in this feature event. Trick donkey acts, hobby donkey rides, and donkey races are also a part of the evening entertainment.

Funds raised by this program will be used to establish a pure bred gilt project for chapter members. A student will be selected by a committee to receive this gilt and will return replacement gilts from the first litter. These will then be given other members on a similar plan. This cooperative venture by the chapter will establish worthy boys in the pure bred hog enterprise on their farms.

## Members of Student Council Will Attend Palatine Conference

Five members of the Antioch Student Council, Robert Cain, Jo Anne Haydon, Pat Hamlin, Joan Forbrich and Mary Tully, will attend the Northeast-Northwest conference to be held at Palatine Saturday, Nov. 19.

Problems common to student councils will be discussed at the all-day meeting. Among these will be "Student and Faculty Relationship"; "Organization of Projects"; "Finances"; "Survey of Advancement"; and "Organization of Sub-Districts". One of the Antioch representatives will attend each study group. The groups will work in panels and reports of new activities and experiments will be presented. Pat Hamlin will be on the Woodstock panel.

## Pettys Attend Funeral Of Relative in Olney

County Supt. and Mrs. William C. Petty were called to Olney, Ill., last week end by word of the death of Mr. Petty's sister-in-law, Mrs. Faye Coquette Petty, 67. The funeral was held at 2 p. m. Monday in the Amity Methodist church near Olney, and burial was in the church cemetery.

Mrs. Petty, the deceased, was born in Bloomington, Ill., and was a former school teacher. She was the wife of the Rev. B. M. Petty, retired Methodist minister in Carmago, Ill. She also leaves three children, Mason Petty, Champaign; Airforce Lt. Col. Cecil Petty in Japan, and Mrs. Ellen Hendrix, Champaign.

Her's is the second death in the relationship of the local Petty family in recent weeks.

## Returns to School

Miss Luisa Vos, daughter of Mr. and Mrs. Ed Vos of North Main, has returned to her studies at Ferry Hall, a private girls' school in Lake Forest, Ill. Luisa is a member of the sophomore class. She was with the group to go into Chicago by chartered bus for visits to the Museum of Science and Industry as well as the Board of Trade. Luisa is active in sports at Ferry Hall—she is also interested in music and is a member of the Ferry Hall Glee Club.

She will attend the Senior Prom to be held at the school this week-end.

(continued from page 1)  
its season total, and made seven of 21 attempts at extra points. Walsh made 6 and Sreh 1.

Schroeder led in the scoring. He made 48 points, Layton 36, Walsh, Christensen 18, Reckers 6, Barnstable 6, and Sreh 1.

The squad won 6 games and lost two during the season. One of the victories was a non-conference game.

Senior lettermen are Co-capt. Jerry Meyer, James Scully (elected most valuable player as center, and defensive halfback); James Corbel, center; Al Herman, guard; Bob Terry, tackle; Eugene Carlquist, tackle; Frank Walsh, end; Al Reckers, quarterback; Wayne Swanson, quarterback; Bill Layton, left halfback; and Don Schroeder, fullback.

Other senior members but not on hand for the last game, Chuck Behrendt, Tom Kelly, and Harve Strametz.

Junior lettermen are Jerry Huml, end, and Marty Bell, guard, co-captains for 1956; Richard Vlk, tackle; Sid Parker, end; Francis Dorner, guard; Lonnie Christensen, halfback; Bill Barnstable, halfback; and Dick Sreh, fullback.

Sophomore letterman—Dave Mitchell, tackle.  
Other junior members were Ray Van Patten, tackle; Al Mani, halfback or fullback; Roger Plechaty, halfback; Fred Libert, tackle; and Jim Lystlund, guard.

## A. T. H. S. Students Attend Conference of Christians and Jews

Five students of the Student Council of Antioch Township High School attended the National Conference for Christians and Jews. It was held at the University of Chicago on Friday, Nov. 11, from 9 to 3:30 p. m. Those attending were members of the executive board of the council. Robert Cain, president; Jo Anne Haydon, vice president; Pat Hamlin, secretary; Joan Forbrich, treasurer; and Allan Moorman, Freshman class representative. Transportation was provided by Mrs. Tom Moorman, our school's secretary.

The Antioch group presided over one discussion group with Robert Cain acting as chairman. Their topic for discussion was "How Do Racial Prejudice and Discrimination Contribute to Juvenile Delinquency?"

The students attended various panel discussions and general discussion groups throughout the day. They made reports of their findings to Antioch's own student council at its regular meeting on Tuesday, Nov. 15.

Roberta Jach, daughter of Mr. and Mrs. Fred W. Jach, Antioch, is chairman of admissions of the traditional Milwaukee-Downer College Christmas Bazaar which will be held November 19.

## "Disneyrama" Nov. 24 To Attract Kids: Let Mom Prepare Turkey

A special Thanksgiving morning show, designed to get children out of the home while mom prepares Thanksgiving dinner, is announced

this week by W. Goewey, manager of the Lakes Theatre, Antioch.

The program will start promptly at 11 a. m. with twelve Disney cartoons, a True Life adventure, and a special two-reel featurette. There will be only one showing and tickets are on sale in advance at the box office.

## Geo. M. Horn, Indian Pt., on Panel at Tax Interpretation Seminar

George M. Horn, Indian Point, served on a four-man round table discussing some of the more controversial problems arising from the 1954 Internal Revenue Code at an all-day Tax Seminar sponsored by the Illinois Society of Certified Public Accountants on Monday, November 14, at the Morrison Hotel. A partner in the firm of Condon and Horn, CPA's, Horn is vice-chairman of the Society's committee on general meetings and a member of its committee on Federal Taxation.

The all-day meeting dealt with some of the most difficult problems resulting from one year's experience with the 1954 Internal Revenue Code and was addressed by 12 CPA's who are presently members of the Society's federal taxation committee or are well-known members of the accounting profession.

Representative Noah M. Mason (Ill.) spoke at a luncheon held in conjunction with the meeting on the subject "Needed Federal Tax Reforms," a subject on which he has long been regarded as an authority.

Mr. and Mrs. Charles B. Watson were host and hostess to a number of friends at a 5 o'clock dinner at their Camp Lake home, Saturday.

Patricia Kennedy, daughter of Mr. and Mrs. Dudley Kennedy, who underwent an emergency appendectomy at Victory Memorial hospital November 8, is improving.

## Timely Tips

Make a convenient small toy catch-all... tack a shoe bag at an easy-to-reach height on the play room door. Helps impress the importance of neatness on the youngsters... saves you work.

## Panic in Streets Usually Greets Free Wild Animals

WASHINGTON—Wild animals that escape from the circus, pet shop or zoo often aren't as wild as the human beings they excite by their chance meetings in the open.

Take the case of the ocelot (tropical American wildcat) who escaped from a Washington pet shop and roamed for more than a week among homes and woods around the Naval Observatory, dodging police shotgun blasts, traps baited with halibut fillet and a number of persistent coon dogs.

After nine days of freedom, the hungry ocelot voluntarily limped back to the pet shop.

When big cats escape they often cause panic, maul people and have even taken human lives. Thousands of volunteer searchers, police, Marines, helicopters, planes and trained dogs failed to find a leopard which escaped from the Oklahoma City zoo. The zoo staff finally captured the animal by planting doped horse meat—but the meat killed the valuable animal.

Much less trouble was Jackie, a young male lion who escaped from New York's Madison Square Garden. Jackie wandered into the basement and lay down for a short nap. He was safely caged in time for the circus matinee.

A kangaroo, fresh from a TV debut in Baltimore, departed the studio and lit out across the city. Sunday drivers snarled traffic at the sight of the animal, which once leaped over an auto hood. The kangaroo bit one pursuer, kicked the wind out of another in its one-hour fling at freedom.

## Scientist Claims Birth of New Stars

MT. HAMILTON, Calif.—Dr. George H. Herbig, associate astronomer in the Lick Observatory, has raised the possibility that he may have detected the "birth" of two new stars.

If confirmed, the event will have been truly unique in the history of astronomy.

The discovery of the possible "birth" of the two stars is based chiefly on two types of evidence:

First, Dr. Herbig has taken two photographs 7 years apart at the same point in the Orion Nebula. In the first of these photographs, taken in 1947, there are three stars imbedded in a dark cloud of dust and gas. In the second photograph, taken in 1954, five stars appear where there were three in 1947.

Second, Dr. Herbig and other astronomers have been accumulating evidence during the past decade that all five stars belong to species that have been formed recently.

## Chance of Living to 100 Twice as Good

MINNEAPOLIS—Chances of living to age 100 are twice as good now as they were only half a century ago.

Of the nearly 20,000,000 babies born in the past five years, 80,000 should live to be 100 years old, says the family economics bureau of a national life insurance company. Out of an equal number born in the early 1900's however, only about 40,000 would be expected to reach the 100-mark.

Of the total white American population living today, approximately 500,000 will live to be 100, on the basis of present trends. Out of each 100,000 babies born in 1900, a total of 200 should survive to see the year 2,000. But of each 100,000 born in 1950, approximately 400 should live to see 2,050 A.D.

## Teen-Age Deaths Due Mostly to Accidents

NEW YORK—Accidents are responsible for 6,000 teen-age deaths yearly, with motor vehicles the cause of a great number of the fatalities.

Among boys five to fourteen, the loss of life from accidents is seven times that from acute poliomyelitis, and nine times the loss from pneumonia and influenza combined. Among the older elementary school boys—those at ten to fourteen—accidents take a greater number of lives than all other causes combined.

Motor vehicle mishaps account for two-fifths of the fatalities among children of elementary school age. Drownings rank second as a cause of accidental death among children, causing about one fourth of the fatalities. Other causes contributing in appreciable measure to the total are burns and conflagrations, firearms accidents, and falls.

### TV Tells on Him

RALEIGH, N.C.—Officials at the State mental hospital were watching television. The local program was "Sidewalk Superintendents," which is broadcast from the street.

"Say," said one of the hospital men, "that looks like one of the patients."

"Yes, it is," another said. "Somebody better go get him."

And somebody did.

## COUNTY ZONING NOTICE STATE OF ILLINOIS )

COUNTY OF LAKE ) ss.

TO WHOM IT MAY CONCERN:  
PUBLIC NOTICE is hereby given to all persons in the Town of Antioch, Lake County, Illinois, that a public hearing will be held on December 2, 1955, at 2:30 P. M., in the Village Hall, Antioch, Illinois, relative to a proposal to vary the terms of the Lake County Zoning Ordinance, or to reclassify by amendment thereto, from the F-Farming District, to the B-1 Business District, the following described real estate, to-wit:

That part of Section 12, Twp. 46 N., R. 9, East of the 3rd P. M., described as follows, to-wit: Commencing at a point on the East line of the said Section 12, which is the Northwest corner of the Southwest quarter of the Southwest quarter of Section 7, Twp. 46 N. R. 10, East of the 3rd P. M., thence South along the East line of said Section 12, (also the West line of Section 7 aforesaid), 330 feet to a point; thence West along the Westerly extension of a line drawn through the last described point parallel to the North line of the Southwest quarter of the Southwest quarter of Section 7 aforesaid, a distance of 184.67 feet, more or less to a point 175 feet East of the East line of the California Ice and Coal Co.'s Lake Marie Subdivision, according to the plat thereof recorded in the Recorder's Office of Lake County, Illinois, in Book "M" of Plats, page 38; thence South parallel with said East line, 485.28 feet to a point; thence West at right angles to the last described line, 175 feet to the East line of the California Ice and Coal Co. Subdivision aforesaid; thence North along said East line 555.72 feet more or less, to the point of intersection of said East line with the Southerly line of a 50 foot switch track right of way as shown on a plat of survey thereof recorded in the Recorder's office of Lake County, Illinois in Book "C" of Plats, page 64; thence Easterly and Northerly along the said Southerly right of way line, being a curved line of 503.332 feet radius, convex Southeasterly a distance of 469.46 feet, more or less, (measured in 100 foot chords) to the point of intersection of the said Southerly right of way line with the East line of Section 12 aforesaid; thence South along the East line of Section 12 (the West line of Section 7, aforesaid), 16.85 feet, all situated in Lake County, Illinois, and containing 3.3 acres.

As a result of the petition of RICHARD G. CARSON AND MARY L. CARSON, which petition is on file and available for examination in the office of the below named Board, Court House, Waukegan, Illinois.

All persons interested are invited to attend said hearing and be heard.

Bold new grille—"PowerStyle" Chrysler Windsor

**High-style hits the highway with a Sunday punch!**

Sure, this new "PowerStyle" Chrysler looks powerful... even when it's parked.

But take a Chrysler out on the highway where it can show its stuff! Then can you know what power means!

Take a Chrysler Windsor V-8, for example... as sleek a package as ever came down the pike. It's got power everything, including an optional power-packed Sunday punch—Chrysler's great new "Power-Train" that boosts horsepower 9%, torque 10%, and 0 to 60 mph. acceleration 15%. Without burning any extra gas.

AND NOW... PUSHBUTTON DRIVING! Another new

Chrysler first—the sensational car idea of the year—is Pushbutton PowerFlite. You'll never again have to shift gears. Just touch a button on the safe left side of the instrument panel and presto—you go!

Well, why wait? Just for the feel of it, put yourself in the pilot's seat of the new Chrysler Windsor... with new SpitFire V-8 engine... new Pushbutton PowerFlite... new PowerPilot Steering... new Power-Smooth Brakes... and the go-getting new optional "Power-Train" System.

We're warming one up for you right now!

**"PowerStyle" CHRYSLER**

NOW MORE THAN EVER...AMERICA'S MOST SMARTLY DIFFERENT CAR

## Eyes Tell Tale Of Safety While Hunting Outdoors

ROCHESTER, N.Y.—One mistake by a hunter in the woods can make a man a killer or a victim. Will you be among the estimated 500 hunters who will be killed or 3,000 who will be injured before the hunting season is over?

The answer may be in your eyes—or someone else's according to Frq. W. Jobe, director of ophthalmic research for Bausch & Lomb.

He points that ability to see clearly is the hunter's greatest asset and the greatest safety protection for fellow Nimrods.

In the latest survey of hunting accidents completed by the National Rifle Association, mistaking man-for-animal ranked third among all causes of non-self-inflicted wounds.

This was confirmed in a study recently released by the Minnesota Conservation Federation based on tests and interviews with all hunters involved in hunting accidents in Minnesota in 1953. Visual tests revealed that less than one-fourth of the hunters had normal vision—yet few of them realized that their eyes were under par.

If you are near-sighted, proper glasses will correct it. If you're far-sighted, if you're over 40 and have begun to push things away from you to get them into focus, bifocal and trifocal lenses tailored to your special needs will solve the problem. A telescopic sight may also help you.

## Baby Births Fewer In West Europe

NEW YORK—Birth rates in most of Western Europe are receding from the peaks reached during the early post-war years, according to a study of international birth trends.

In marked contrast is the unabated baby boom in the United States and other English-speaking countries outside Europe—Canada, Australia, and New Zealand—where birth rates have remained one third or more above their pre-war levels. The rate in the United States during 1954—25.3 per 1,000 of population—was higher for any prewar year since the early 1920's.

Exceptions to the general trend in Western Europe were noted in France and Norway, where the birth rate in 1954 was still appreciably above that recorded just before World War II.

In England and Wales the rate rose from 15.9 per 1,000 population in 1945 to 20.6 in 1947, but fell to 15.2 by 1954—not much above the 1935-39 average of 14.9. Austria, Denmark, Scotland and Sweden had similar trends.

## Mad or Sad—Shed Some Tears for Dear Science

LOS ANGELES—Feel a crying jag coming on? If so, get in touch with Dr. Robert Brunish of the University of California. He needs your tears for research.

Dr. Brunish is studying the chemical structure of tears as a possible clue to the elusive eye irritant in smog and to learn something of the other factors involved in shedding tears.

The scientist reports he has had little difficulty in getting children's tears. They flow profusely for science from his own children and from the children's ward in the U.C.L.A. hospital. But adults don't cry readily for science, so he's short on adult tears.

Tears are not just drops of salt water, he says. They're a complex solution with a surprisingly high protein content. Apparently tears shed in pain, sorrow, or anger, differ from those prompted by peeling an onion or those caused by smog and other irritants.

It is hoped that these differences can be detected and furnish some clue as to the nature of the irritant in smog, he says.

## Surprise—Policeman Drives Beer Truck

PITTSBURGH—The assistant police superintendent drove a beer truck—in the line of duty.

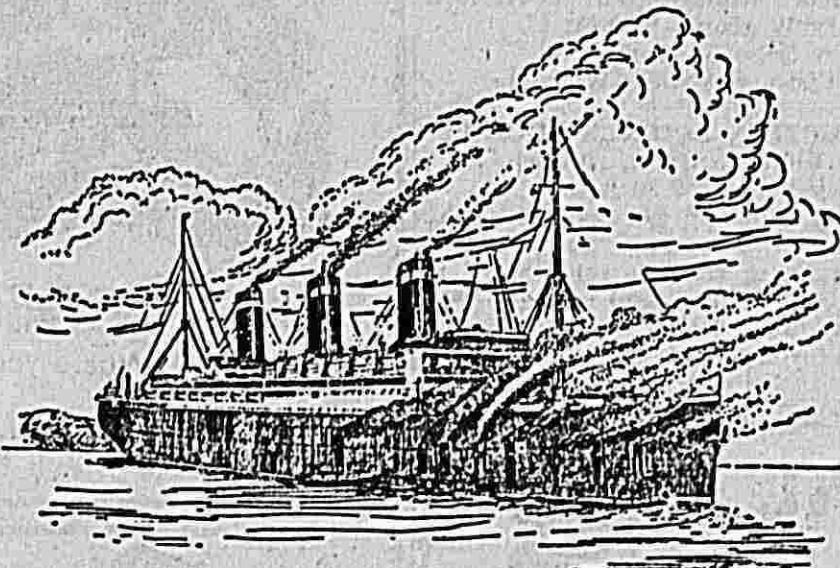

Lawrence J. Maloney borrowed the truck to drive up to two suspected numbers-racket headquarters. Two plain clothesmen, hiding in the back of the truck, hopped out to help Maloney make raids. Seven persons were arrested on lottery charges.

After the second stop, Maloney said: "We've been trying to knock off this place for some time, but they always had a lookout. When we pulled up in that beer truck, they didn't know what was going on until we ran inside."

**Old-Fashioned**  
WEST HAVEN, Conn.—Desk Sgt. Leslie Howard received a call from a woman who couldn't get her son out of bed to go to school. She wanted a policeman to "come over and scare him."

The cruisers were all busy, so Howard told her, "Try the old-fashioned method of paddling, and I think you'll get the same results."

## A Famous American Ship

The LEVIATHAN was long one of the world's most famous ships. Seized from Germany when America entered World War I, she illustrated our great need for American merchant ships. Famed both as a Troopship and a luxury liner of the gay twenties, she was a contender for the title world's fastest ship. She was the world's largest for a period. Hit by the depression she was laid up, her three tall red, white and blue stacks becoming a part of the Hoboken skyline. En route to a Scotch scrap yard in 1938, she proved twice that ships have a will of their own. Obviously not wishing to leave America, she suffered a strange breakdown in her steering mechanism which made her repeatedly turn back despite all efforts to keep her on course. Later her fog horn started blowing on a clear day. No one could find how it started or how to stop it. Only two years later, she would have been invaluable as a troopship, showing how vital it is to have merchant ships in peacetime so they will be available in an emergency. America can never depend upon foreign ships.

## HERE'S WHAT'S WRONG WITH YOUR DRIVING

What are the 10 most violated traffic regulations?

Visual obstruction includes improper windshield wipers and windshields cluttered with signs, posters and decals.

Running a close second is the motorist's failure to yield the right of way to pedestrians. This also ranks as a top cause of fatal accidents.

In order of frequency here are the eight major ways for motorists to get a ticket:

- Failure to yield right of way to a vehicle.
- Following too closely.
- Improper passing.
- Speeding.
- Driving on the wrong side of the road.
- Improper start from a parked position.
- Failure to obey signs and signals.

## KNOW YOUR TRAFFIC SIGNS, SEE THEM, OBEY THEM

These various shaped traffic signs and road markers are installed alongside the road to warn you of specific dangers. When driving, be aware of them and heed the warning. Remember the sign was posted to help you take necessary measures to avoid an accident.

## Truth in History

In the realm of History, the moment we have reason to think that we are being given fiction instead of fact, be the fiction ever so brilliant, our interest collapses like a pricked balloon. To hold our interest you must tell us something we believe to be true about the men who once walked the earth. It is the fact about the past that is poetic; just because it really happened, it gathers round it life and death and time. Let the science and research of the historian find the fact, and let his imagination and art make clear its significance.

## Lake Villa

Mrs. C. B. Hamlin, Correspondent  
Tel. Eliot 6-3344

Circle No. 1 of Woman's Society of Christian Service held a regular meeting at the church on Wednesday afternoon and the next meeting will probably be held on Wednesday, Nov. 30, as the combined meeting of the two circles will be held on the evening of Dec. 14. However, further notice will be given.

Service at the Community church are as usual next Sunday with church school at 9:45. Worship service at 11 a. m. and MYF at 6:30 in the evening.

The Commission on Education and the teachers of the church school will meet next Monday evening at 8 o'clock at the church.

Circle No. 2 held its regular meeting at the church on Monday evening.

Funeral services were held Monday afternoon in Waukegan for Mrs. Lottie Ames Beatty who spent her girlhood years here on what is now a part of Lindenhurst. Burial was beside her husband in Sand Lake cemetery.

Wm. Miller who has spent his entire life in this community has gone to Rhinelander, Wis., to live with his daughter, Mrs. Ralph McGuire and family. Mrs. McGuire has been caring for him since he fell and injured his hip several months ago soon after the death of his wife, so is confined to a wheel chair.

Major William Walker of U. S. Army Air Corps, stationed at Greenville, Miss., came last Thursday evening to spend a few days with his parents, Mr. and Mrs. William Walker of Maple Row farm on Grand avenue.

Mrs. Lulu Nelson, Mrs. Marie Hamlin, Mrs. Georgia Avery, Mrs. Mayme Kapple and Mrs. Cora Hamlin were luncheon guests of Mrs. Lottie Boehm at her home near Wedge's Corners on Rte. 45 last Thursday.

Gene Barth of Grand Ave. visited his father at Minonk, Ill., last week end and also did some hunting.

Mrs. Georgia Avery and Mrs. Marie Hamlin entertained the Royal Neighbor Officers club at a luncheon at the Avery home on Wednesday afternoon this week and a social hour followed the luncheon.

Mr. and Mrs. Don Cremin had as guests over the week end Mrs. Cremin's mother and aunt from Chicago.

## Auxiliary News

Delegates Report  
At the meeting of Antioch Unit,

## When Two-Thirds Less Means Two-Thirds More

If you can transform yourself into working triplets for Fall housecleaning you're lucky... but if you can't here are a few suggestions that can take a third of your work-load during a serious housecleaning session.

Make a weekly habit of stripping your beds, airing the covers and mattresses and removing lint by using a vacuum attachment... then when the big housecleaning time comes around you'll only have to add vacuuming the mattresses and springs.

If you'll concentrate daily on keeping all your walls and floors clean, they will never be a major problem! Part of the secret is discovering how well the original controlled suds detergent for automatic washing machines works as a general housecleaning detergent.

For instance, one teaspoon of controlled suds detergent in a gallon of warm water makes wall washing a pleasure... use either a damp sponge or cloth, wash in small sections, beginning at the top of the wall and washing down. If in doubt as to the washability of your walls just make a small patch test in a hidden area, and if no color comes off, your walls are washable. Then use this same mixture to wash your cupboards, moldings and window sills—it's a gentle and easy method.

When it comes to floors, controlled suds cleaning affords you the professional touch at home. If your floor is asphalt tile, rubber tile, vinyl tile or linoleum use the same measured solution; if your floor is painted, the same solution applies, just wash and rinse, and mop dry; and finally, if your floor is concrete, ceramic tile or terrazzo, use a solution of controlled suds and HOT water, mop and rinse. You'll find that a controlled suds detergent solution will not leave a soapy film to mar the beauty or make walking a sticky task. And, as a caution: never allow water to stand on your floor, no matter what the material.

American Legion Auxiliary held Friday, Nov. 11, the delegates to the Tenth District gave reports on the district meeting held Nov. 9 at Deerfield. Seven delegates and members from Antioch attended.

## Sponsor Boy at Normal

Antioch is again sponsoring a child at Normal Children's Home. The Unit remembers the child on his birthday and at Christmas with gifts. The highlight of the year for

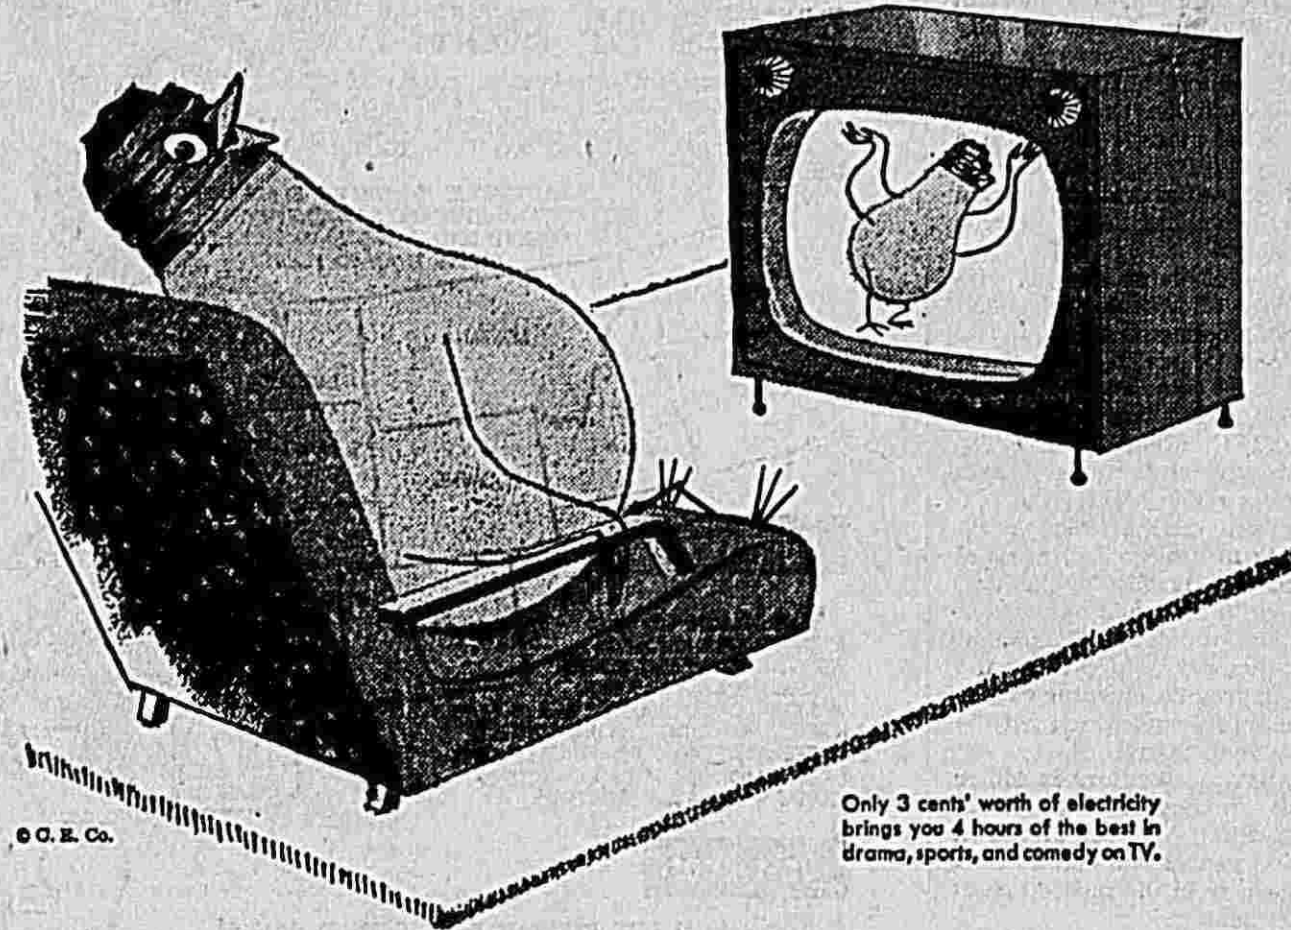

the children is the Pilgrimage to Normal held in June, at which time delegations from each unit have a picnic for the children at the home.

## Donations

Generous donations were voted given to the Cigarette Fund, Gifts for Yanks, and the District Fund. Members of the Unit will go to Downey Veterans Hospital on Dec. 12 to help wrap gifts for Christmas.

"LITTLE BILL" your electric friend, says:

"Hours of entertainment for just pennies!"

Only 3 cents' worth of electricity brings you 4 hours of the best in drama, sports, and comedy on TV.

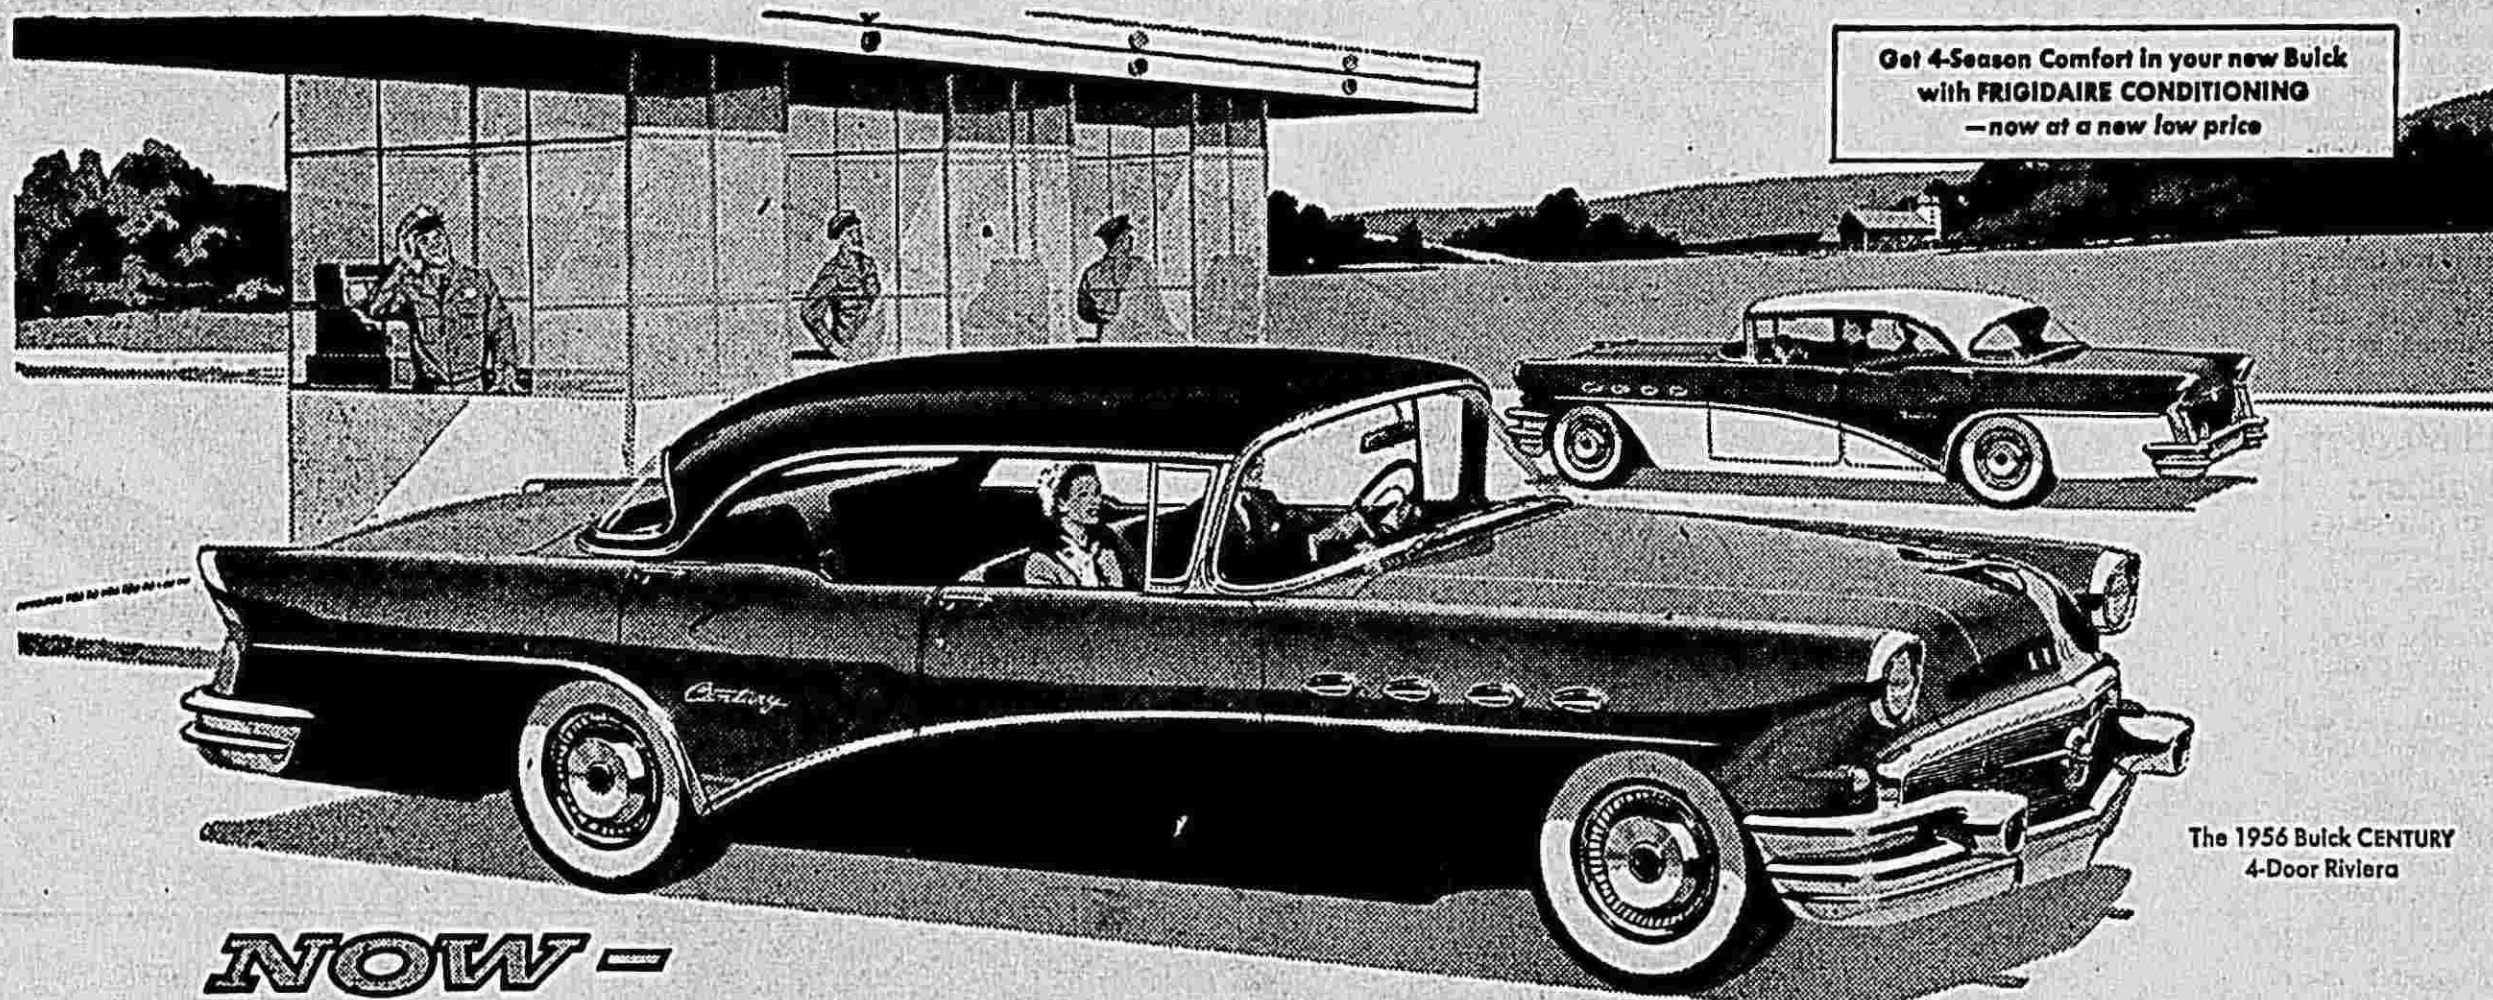

How Public Service Company keeps your electric bill down (while everything else goes up)

Most things have doubled in price... but not electricity. Although you're using far more of it today, electricity actually costs you less per kilowatt-hour than in 1930.

One way we keep your electric bill low is through continuing research. Our engineers have found many ways of increasing efficiency of all kinds of standard equipment. Recently, for example, they added 15% to the load-carrying capacity of "pipe-type" cable simply by burying the line deeper.

As a result of this constant search for a "better way", today you're getting almost twice as much electricity for your money as you did 25 years ago.

PUBLIC SERVICE COMPANY

Get 4-Season Comfort in your new Buick with FRIGIDAIRE CONDITIONING—now at a new low price

The 1956 Buick CENTURY 4-Door Riviera

**NOW—**  
**Just touch the pedal**  
**and away you go!**

(That's the New Variable Pitch Dynaflow\*!)

OF course, you can floor the pedal of this stunning new '56 Buick and get the full-power sweep of its advanced new Variable Pitch Dynaflow.

That's how you switch the pitch of this airplane-principled transmission for instant safety-surge acceleration to get out of a tight spot on the highway.

But now you get a brilliant new response at the start of pedal travel, too.

Now you get a solid take-hold for instant take-off in the first inch of pedal action—where most of your normal driving is handled. And you get this

great new getaway with a big boost in gas mileage, too.

So there you are, just nudging the pedal, and getting action that makes you feel like you've floored it.

There you are, handling all your normal driving situations with a confident toe-touch—with new surety and snap—and with the happy satisfaction that comes with a sizable step-up in the miles you get from a tankful of gas.

And there you are, rolling along with beaming pride as boss man of the best Buick yet.

For here you have, beating any past Buick, the greatest power yet—the boldest styling yet—the sweetest ride yet—the smartest interior yet—and, by far, the best buy yet.

Drop in on us this week—tomorrow, if you can—and see for yourself that there's never before been anything like this Buick beauty for 1956.

\*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

It's the '56 Buick—

**Best Buick yet**

## Storing Surplus Grain Poses Major National Problem

WASHINGTON—Like giant fingers thrust into the sky, the nation's grain elevators loom mightier than ever in these days of grain glut.

The United States has almost a third again as many commercial off-farm elevators as it did only four years ago. Their capacity now totals 2.8 billion bushels. But it also harbors twice as many government steel storage bins with a capacity of 850 million bushels, plus a variety of previously untended structures ranging from circus tents to ships.

Inside all of them are the biggest stores of wheat, corn and other grains collected by man. The wheat alone, of which the government owns 95 per cent, now adds up to 1,020,000,000 bushels. Turned into bread it would feed every American a pound loaf every week for the next eight years.

Eighty per cent of the bread-grain rests in country or terminal elevators. The largest single unit of these—with a capacity of 50,300,000 bushels—stands in Oklahoma. Kansas, however, provides the greatest aggregate elevator capacity, outpacing Texas which led the list a few years ago.

Wheat not in elevators is either in transit, in bins or ships. Until 1949, wheat had not been stored in ships. That year 20 million bushels were put away in the moored Hudson River fleet.

Today 81 million bushels cram the holds of 357 Liberty-type vessels in the James and Hudson River fleets, at Astoria, Ore., and Olympia, Wash. Excellent granaries, ships will do even more wheat duty soon.

## Efficiency Down During Heat Wave

CHICAGO—Stenographic errors increase 1,000 per cent as the temperature increases from 78 to 96 degrees a survey taken during Chicago's heat wave revealed.

Among typists, errors increased from an average of 11 per hour to more than 95 per hour as temperatures rose from 78 to 96 degrees.

The survey, made by the Chicago manufacturers of air diffusing and electrical equipment, also showed that in other lines of work efficiency increased by more than 50 per cent as the temperature fell off to the optimum of 78 degrees.

One manager reported his company had kept statistics during hot and cooler periods of summer. He said a definite unit of work in a drafting operation was chosen as an example. During the eleven-day heat wave in early August, statistics showed that 564 work units were produced in 282 man hours. After the heat wave broke, in the same length of time and for the same kind of work, 807 work units were produced in 220 hours.

## U. S. Is Medical Magnet For Foreign Physicians

CHICAGO—The United States has become a "medical magnet" for physicians in Europe, Asia, Africa and Latin America.

More than 5,000 foreign physicians came to this country during the year 1954-55 for study according to a survey by the Institute of International Education and the American Medical Association.

They came from 83 different countries for internship and residency training at hospitals in 42 states, the District of Columbia, Hawaii, Puerto Rico and the Canal Zone.

The survey of 1,177 hospitals indicated that there were at least 5,036 alien physicians in training. Not included in the study were immigrants and displaced persons.

## Students Dislike for Mathematics Studied

DAVIS, Calif.—Why do some students dislike mathematics?

Child development specialist Thomas Poffenberger and mathematician Donald A. Norton are trying to find out what, besides a natural ability, makes some students poor and others outstanding in algebra, geometry and calculus.

In spite of more and more need for engineers, chemists, and physicists, proportionately fewer students are entering these fields in colleges and universities.

The researchers are going to start their study in intermediate algebra courses. Students selected from the top and bottom of a class will be interviewed in hopes of finding out what their attitudes, influences of family, grade school teachers and friends.

### Forgetful Type

ALBUQUERQUE, N.M.—Heard about the absent-minded painter who forgot he had moved the ladder to the other side of the house?

Roy Huddleston went one better: he forgot he was on the roof. Doing some repairs, he "put one foot right out in mid-air and that ground sure came up fast."

He suffered a jarred hip bone.

## That's A Fact

### PIECES OF EIGHT!

IN COLONIAL AMERICA, SPANISH MILLED DOLLARS WERE WIDELY DISTRIBUTED. THESE DOLLARS WERE WORTH EIGHT SPANISH COINS CALLED "REALES". THEY SOON BECAME KNOWN AS "PIECES OF EIGHT"; AND SINCE THE SLANG FOR "REALES" WAS "BIT", A QUARTER OF A DOLLAR BECAME "TWO BITS".

YOUR DOLLARS WILL ACCUMULATE PROFITS FOR YOU IF THEY ARE INVESTED IN BETTER-THAN-EVER U.S. SAVINGS BONDS. REMEMBER 1/8 DOLLAR INVESTED GROWS INTO \$100 IN LESS THAN 10 YEARS!

### Biggest Buy!

THE ORIGINAL LOUISIANA PURCHASE FROM NAPOLEON INCLUDED THE PRESENT STATES OF LOUISIANA, ARKANSAS, IOWA, MISSOURI, OKLAHOMA, NEBRASKA, COLORADO, KANSAS, MINNESOTA, WYOMING, MONTANA, NORTH DAKOTA, SOUTH DAKOTA, NEBRASKA, KANSAS, WYOMING, AND PARTS OF OREGON AND WASHINGTON.

### Best Buy!

TODAY, YOUR BEST PURCHASE IS U.S. SAVINGS BONDS! SET ASIDE A PART OF EACH WEEK'S EARNINGS FOR REGULAR BOND PURCHASES.

### Wisdom

Wisdom is principally a sense of proportion, more often a sense of our human limitations. Let those who will rack their brains about whether the ultimate absolute is spirit, or essence, or matter; they will rack their brains only for the pleasure of it but will not wreck

the universe. The universe will go on, and life will go on in spite of them. . . . Wisdom for me, therefore, consists in a keen sense of what we are not—that we are not gods, for instance—coupled with a willingness to face life as it is; in other words, it consists of two things, a wisdomfulness about living and common sense.

A NEW ROOM for less than \$400! in material

50% more actual paint in the container makes a single gallon enough for average room. A quart does a ceiling. One coat covers, dries in 40 min. No odor, fumes or fuss—and you never saw such exquisite colors in all your life.

\$3.00 gal.  
\$1.00 qts.

# Come in and try the Greatest Go on wheels!

Thrill to the smartness of pattern-for-tomorrow style!

It's coming some day on other cars—this exciting blend of rakish lines and gracious luxury. But Pontiac has it now in 15 smartly fashioned models—including 6 Catalina hardtops styled with a clean distinction never seen before.

Yours to command

in the fabulous

# '56 Pontiac

It's the talk of the test drivers—this long, low, crisply sculptured beauty! Performance is their first love—and the '56 Pontiac has it—the greatest "go" on wheels. Split-second get-away, blazing drive, razor-sharp steering and big-brake stopping—this one has them all.

It surprises you at first. It's so well behaved, so gentle and responsive. You pull away from the curb, drive, stop, turn and park with a sure and easy touch.

But it's loaded! Loaded with vibrant action you've never sampled before! There's 227 blazing horsepower packed into this great Strato-Streak V-8. And it pours through to the rear wheels silky smooth. When it's time to make your move you just point your toe and go! Passing is a breeze, as that great rush of power whisks you ahead to safety in the flick of an eyelash. And the highest hills simply seem to melt away in front of you.

Ten minutes behind the wheel of this great car and you'll know the secret behind all the excited whispering among test drivers in the last month or so. You'll know something else, too . . . this is it, the one and only car for you.

Stop by our showroom to see and drive this fabulous '56 Pontiac today or tomorrow. And be prepared for a thrill. This car will deliver it . . . fast!

## OUT OF THIS WORLD

## German Cooking Specialties

Some of my favorite dishes are Sauerbraten, Hasenpfeffer, Koenigsberger Klops, Rinder Rouladen, and Ochsenzwanzen Ragout, which is Oxtail Ragout in English, and out of this world in any language.

Have two oxtails (approximately 2 pounds) disjointed. Wash them thoroughly and dry them on a towel, then dredge them with seasoned flour.

## How to do it

In a heavy skillet-heat 4 tablespoons of bacon drippings, then add the oxtails, 1/2 cup each of chopped onions, chopped carrots, and chopped celery stalks, and 1 clove of garlic, crushed. Brown these over a fast flame for 10 minutes, stirring constantly with a wooden spoon.

Next, transfer the mixture to an iron stewpot, and add a large bay leaf, crumbled, 1/2 teaspoon of dried thyme, 2 tablespoons of chopped parsley, 1 large can tomatoes, 12 small peeled white onions, salt and pepper to taste, 1/4 teaspoon of ground cloves, and enough beef bouillon and dry red wine (in equal parts) to cover the mixture. Bring the whole slowly to a boil, then cover, and transfer to a 350 degree oven and let it cook for two hours.

One half hour before serving add 1 cup of sliced mushrooms, and continue cooking gently. To serve, place the contents of the pot on a deep, hot platter. Heat about 3 tablespoons of brandy in a large ladle, set the liquor alight, and sprinkle the flaming brandy over the contents of the platter.

## Kidney Soup

The Germans have a mighty tasty soup, which, for me, is a one dish dinner. They call it Nierenuppe, which in English is kidney soup.

You first cut 2 veal kidneys into thin slices, removing any useless sections. Then, in a skillet, heat 3 tablespoons of butter and gently saute in it 3 little green onions (bulbs and tops) chopped, and 1/2 cup of fresh mushrooms, chopped, until brown. Then add a crumbled bay leaf, a pinch each of dried marjoram, thyme, and mace, and the sliced kidneys, and let all cook

Mrs. Ramona Deitemeyer of Lincoln, Nebraska, "Mrs. America for 1956," a housewife and the mother of five children, is a firm believer and investor in U. S. Savings Bonds. She points out that the security of her home and children is of top importance in looking ahead to the future. For instance, a college education for five children is no small item. Her answer to this problem is concise—"it's U. S. Savings Bonds. The regular purchase of Savings Bonds while the children are growing will provide for their college education. U. S. Savings Bonds are the safe and sure way of providing future security for your home and your children."

With Mrs. Deitemeyer in the picture is her son, Kent.

until a light brown. Next sprinkle in 2 tablespoons of flour mixed with 1 teaspoon of curry powder. Stir constantly, and cook until the flour lightly browns.

Put this mixture into a soup kettle and add 5 cups of condensed consommé, salt and pepper to taste, and let the whole simmer for about 30 minutes. In the meantime, beat 2

egg yolks with 1/4 cup of sour cream. When the soup is done, remove the pot from the fire, and when the contents stop simmering, stir in the egg yolk and cream mixture. Finally, before serving, stir in 3 tablespoons of Madeira wine.

## Deep Lake

Mrs. Millie Luhr, Correspondent  
Eliot 6-4946

The Deep Lake Association met at the Saddle Inn Saturday, Nov. 12. As always the roads are the biggest problem. Sixth avenue and Gratton are next on the agenda.

Harold A. Bestorp flew to Florida last week.

Mrs. K. Maas and sons are flying back home to Seattle, Wash., after spending a week here with her parents, Mr. and Mrs. Elmer Olson.

The Ladies' auxiliary will hold its meeting at the home of E. O. Johnson. Hostesses for the evening are Florence Johnson and Vi Winstead.

Ebba Huber is back from Seattle, Wash., where she visited with her son, Ronnie. They visited Sally Groat's son, Richard Garraughty and family in Tacoma, Wash.

Mr. and Mrs. Joe Strohl are moving away from Deep Lake Tuesday. They are going to settle in San Diego, Calif.

A granddaughter was born to Mr. and Mrs. James Reardon of Milwaukee.

Lois Olson and Myrtle Weismantel called on Evelyn Strohl with a farewell gift from the Ladies' Auxiliary. Midland Industrial Finishes-girls gave her a farewell party at the home of K. Franke of Waukegan. Sunday she visited her daughter, Mrs. Art Leppe and granddaughter, Norma Frank and said good-bye. Lois Olsen served them breakfast Tuesday and sent them on their way.

Sally Groat, Saddle Inn, is having a turkey party Saturday, Nov. 19, at 7:30 p. m.

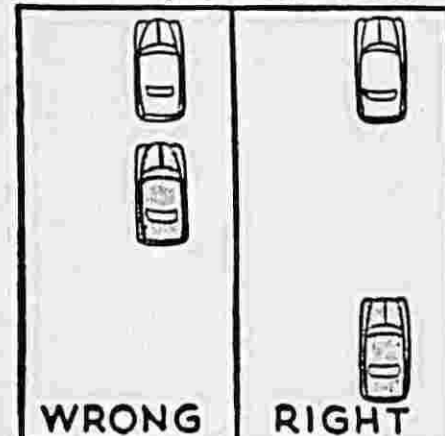

Half the accidents in urban areas involve pedestrians.

## Tips on Traffic Safety

By  
**CHARLES F. CARPENTIER**  
Secretary of State

Recently, a group of experienced drivers, men who make their living by driving, were asked to participate in a survey which would aid motorists in avoiding accidents. Their response is certainly worthy of study by all who desire to join in the drive to end the needless waste of lives on the highways.

These drivers say that whatever the driving conditions, ease off the gas sooner. Attempt to bring your vehicle to a complete stop with the minimum use of the brakes. Do not bring your vehicle to a jolting stop. When approaching intersections, traffic signs or signals and dangerous stops, after easing off the gas rest your foot on the brake so that if a sudden stop is necessary, you will be prepared to make it.

Make sure that there is plenty of space between your vehicle and the vehicle in front of you. Do not "crowd" vehicles as a sudden turn or stop by the auto you are following may result in a disastrous accident for you.

Yield the right-of-way to all other vehicles and all pedestrians. Many accidents are the result of drivers refusing to give up the right-of-way even though common sense dictates that they yield.

Do not pass another vehicle without planning your maneuver. Make sure that you are far enough behind the vehicle you are about to pass so that you will be able to see the approaching traffic without having to nose out into the oncoming line. Proper distance in following will also enable you to pick up speed before passing a vehicle.

These are tips from men who know. Accept them and you will help keep highway safety first.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

## TIMELY FARM TIPS

### Autumn Ideal Time to Kill Rats, Mice

Here's how:

1 SANITATION

2 RAT-PROOF

3 PLACE BAIT

With the first signs of chilly autumn weather, rats and mice invade buildings, searching for shelter and a constant food supply for the long winter months ahead. If you prepare for the annual invasion, however, you can head off their damage-dealing activities.

An effective anti-rat and mouse campaign, according to many pest control specialists, includes these three steps:

One—Remedy poor sanitation. Two—Ratproof buildings, when practical.

Three—Place rat bait according to directions.

To assure good sanitation, remove all rubbish piles, and stack lumber and firewood neatly on racks at least one foot above ground level.

Ratproofing, Step No. 2, can effectively keep rats and mice out of corn cribs, granaries, warehouses, and all other places where feed is available. Bulletin describing ratproofing methods may be obtained from your county agricultural agent.

Baiting is the third and most effective blow in the autumn anti-

rat campaign. Outstanding among the available rat and mouse killers is warfarin, a potent substance discovered in the laboratories of Dr. Karl Paul Link, Biochemistry Dept., University of Wisconsin, by Drs. Mark A. Stahmann, Miyoshi Ikawa, and Link.

Warfarin bait is recommended because:

It kills all species of rats and mice common to the United States; it is a slow killer and does not create bait shyness; no pre-baiting is required; no tolerance develops; it is easy to use; it may be used in any climate or season at any temperature; it is comparatively safe to use; and it may be purchased as a ready-mixed bait, as a concentrate, or in water soluble form.

In using warfarin bait, it must be made available to the rats and mice at all times. Bait stations—shallow containers protected with a board or a wooden box—are normally examined and replenished every 48 hours. A limited number of permanent bait stations will kill newcomers and control reinvasion.

Motor vehicles are the principal cause of accidental death among farm people.

### BE CAREFUL WITH CLEANING FLUIDS

There are many products used in the home that are poisonous. One of these is cleaning fluid. Care should be taken when using a product of this kind indoors, particularly during the winter months when the windows and doors of your house are kept closed. Read and follow the directions on the product label. Buy a cleaning fluid that won't burn and be sure to use it only in a well-ventilated room to avoid inhaling the fumes. Store this material along with other poisonous products out of the reach of small children.
